

# LILLE FALLS; NEW DRIVE TO SPLIT GERMAN ARMY BEGINS; OUR HORSEMEN GAIN 9 MILES THROUGH BREAK IN HUN LINE

## Momentous Events Impend; Troop Movements Overseas and Ship Production Will Be Speeded; Nation Responds to Loan Appeal

### WAR WORK GOES ON RAPIDLY AS BOECHE PEACE PLAN FAILS

Amsterdam Reports of Kaiser's Abdication Officially Denied In London

LONDON, Oct. 17.—While unconfirmed rumors of Germany's surrender and the kaiser's abdication were still circulated here today, the British press bureau officially announced the reports had no foundation in fact.

By ROBERT J. BENDER  
(United Press Staff Correspondent)

WASHINGTON, Oct. 17.—The fate of the war and the world will be vitally shaped in the next few days or weeks.

Impending events that will do much to formulate history include:

First, completion of the Fourth Liberty Loan.

Second, smashing of the German armies in Belgium and farther south along the western battle line.

Third, Germany may send a new reply in the peace situation after or before the reichstag meets tomorrow.

Fourth, Austria-Hungary and Turkey probably will go through new throes of political turmoil which perhaps will have a tremendous effect on Germany. (Revolts are reported in Bohemia and at Constantinople.)

Fifth, the United States shipping board has ordered an increase in the speed of production that it may keep pace with an enlarged war department program of sending United States troops over there.

The Liberty Loan still has a long way to go. But the nation is beginning to make an eleventh hour response under the realization that the war must go on.

The developments in Belgium are hastening evacuation of the Lille region and will render less difficult for the Allies their advance on Valenciennes and Meubaug. Indications are that Germany intends to evacuate all of that over-riden nation with as small a loss as possible. While the armies hammer on, Germany is evidently trying to keep alive the peace talk she started with her recent overtures. Reports that she has capitulated and that the kaiser had abdicated appear to have had German inspiration in Amsterdam. But the facts seem to be that the reichstag before the week-end will discuss the Wilson "decision." In this connection officialdom was interested today in press reports that the kaiser's war making and treaty power had been curtailed by Bundesrat approval of an amendment and that franchise reform had been undertaken. These reports, like the report of capitulation, may be part of the German peace propaganda system, but probably have a certain basis in fact, according to information here.

Germany, or at least some parts of it, appears from press comment, however, to have been stirred to a new fighting spirit by the Wilson note. If that spirit becomes general—which is doubted here—it means the war will go on at least through another summer campaign.

In any event, America is proceeding at new speed with its war work, realizing that victory may have to be achieved solely by arms. In this connection it became known the monthly troop shipment will be increased and that demands have been made on the shipping board for great and faster construction. Destroyer construction is being speeded both to meet an expected submarine outburst and to furnish protection for the enlarged troop shipment.

Starting with next March, draft calls will be at the rate of 344,000 a month. In the winter months these figures will be smaller and will fluctuate, but the total program is such that troop shipments could be raised to from 300,000 to 400,000 a month before long, if necessary.

### TO KEEP UP PRESSURE IS ONLY WAY TO WIN SAYS SEC'Y. LANSING

Germany Bending, and With More Pressure Will Break; Liberty Loan Gains

WASHINGTON, Oct. 17.—"The war is not over. This is no time to slacken effort or to fail to do our part here at home. To keep up and to increase the pressure on the retreating Germans is the only certain way to win."

Secretary of State Lansing, who has been handling the diplomatic dealings with Germany, made this emphatic declaration today in support of the Fourth Liberty Loan. He declared that Germany is "bending and, with more pressure, she will break."

### CONSTANTINOPLE IN REVOLUTION AGAINST YOUNG TURKS, REPORT

GENEVA, Oct. 17.—A revolution has broken out in Constantinople against the Young Turks, the Tribune de Geneve reported today. The Germans are said to have rushed twenty warships from the Black Sea to protect the adherents of Enver Pasha.

Turkey's friendship with Germany dates from the time the Young Turks came into power. Enver Pasha was until recently the Turkish war minister. He faithfully served the kaiser's interests in Constantinople.

The German warships in the Black Sea are principally vessels taken from Russia. It has been reported in this country the Germans, determined to hold the Turks in the central alliance, announced they were ready to bombard Constantinople if necessary to halt any move against Germany.

### ITALIANS ALSO ARE TICKLED AT WILSON REPLY TO GERMANY

ROME, Oct. 17.—President Wilson's reply to Germany completely agrees with Italian views, it was officially announced today.

### 12,579 RIVETS DRIVEN IN EIGHT HOURS, CLAIM

SAN FRANCISCO, Oct. 17.—A new world's record for driving rivets was claimed today by a riveting team at the Union plant of the Bethlehem Shipbuilding Corporation. According to records kept by a naval constructor 12,579 rivets were driven in eight hours. N. Bailey headed the team. The previous record was 8834 rivets in eight hours.

### WISCONSIN SOCIALISTS' HEARINGS ARE POSTPONED

CHICAGO, Oct. 17.—The preliminary hearing of Victor L. Berger, former Wisconsin congressman, under indictment on charges of violating the espionage act, was postponed today in the Federal court until Monday. Similar action was taken in the case of W. F. Kruse, Adolph Germer, Irving St. John Tucker and J. L. Engdahl, other socialists indicted with Berger.

## No Weakening of Spirit

We must speed up our war work in order that our enemies may find peace imperative. The war department must proceed at full speed with men and supplies and the people must support the army until the boys are back home with the fruits of victory—safe and assured. There must be no weakening of the spirit of the people of California.

There will be no let-up in the insistent smash at the front while the war lasts. How then can we at home soften the tone of our voice?

Here in Orange county we have said firmly and repeatedly: "Boys, we are back of you to our last dollar."

What did we mean when we said "our last dollar"?

The last dollar we had in spare change in our pocket, or the last dollar we could possibly lay our hands on?

Answer: that question between now and Saturday night, if you have not already answered it in this Fourth Liberty Loan drive by act and in deed—by the signing of your name.

It is full speed ahead now, and no stop until we receive the word that Germany has surrendered unconditionally.

### ALLIES MENACE ENTIRE COAST IN OSTEND DISTRICT

Lille, Turcoing, and Roubaix on Verge of Falling; Flat-ten Hun Opposition

BY WILLIAM PHILIP SIMMS  
(United Press Staff Correspondent)

PARIS, Oct. 17.—Lille, Turcoing and Roubaix are in precisely the same fix as Laon was a week ago on the verge of falling.

King Albert's troops, composed of stubborn Belgians, French and British are threatening Ostend and the entire coast in that region. The British practically hold Douai, while in the Champagne French and Americans are steadily marching northward in the direction of Mezieres.

The Allies are flattening out the Hun opposition all along the line.

President Wilson's last note to Berlin still dominates the press here. There is no word of disapprobation. Paris is calmly awaiting the next move with full knowledge that Germany must break off negotiations or capitulate. It is perfectly prepared.

Never have I seen France more regal. Germany is staring disaster in the face, the French people are facing the prospect of victory and an early peace.

In earlier years there was the soul-tiring trench warfare while now anything may happen. They are serene and unperturbed. After all they are not surprised. They have been expecting just this thing all the time.

The Hohenzollerns will shortly disappear, they believe, and look for an early surrender, seemingly perfectly prepared to keep up the struggle as long as necessary. Their contention unobscuredly expressed: "Germany is beaten. If she does not admit it now we will keep on fighting until she does."

### DANISH PRINCE HERE TO STUDY HYDROPLANES

SAN FRANCISCO, Oct. 17.—Prince Axel of Denmark today was welcomed to San Francisco by a reception committee which included Admiral Jayne of the Twelfth Naval District, and members of his staff. The prince is a lieutenant commander in the Danish navy and came here for a three-day visit to study American hydroplane development.

### PROBE ATTEMPT TO SCUTTLE STEAMER

SAN FRANCISCO, Oct. 17.—Navy investigators today were probing an alleged attempt to scuttle a new steamer of the Hough type which was preparing to leave port. Holes had been bored in the bottom of the vessel, according to Captain Nelson. The holes had been covered and were not found until after the vessel began to list after her coal was taken on. The water was pumped from her holds and the holes have now been plugged.

### GREAT RETREAT UNDER WAY IN BELGIUM, HUN ROUT NEAR

Enemy Retires So Rapidly Allied Forces Lost Contact; New Balkan Gains

LONDON, Oct. 17.—A great German retreat is reported to be under way in Belgium.

The enemy is said to be retiring so rapidly that at some points the Allied forces have lost contact.

British troops are unofficially reported to be in Lille, while Courtrai and Roubaix are in immediate danger of capture.

French cavalry is approaching Thiel, increasing the isolation of Bruges, Ostend and Zeebrugge.

The Belgians are advancing northward from Thourout along the roads to Ostend and Bruges.

To the southward the British, French and American pressure continues east of Cambrai and St. Quentin.

The French and Italian advance in the Laon region has become slower but the capture of Grandpre by the Americans has permitted enlargement of the operations in the Argonne-Meuse region. Continued advance is also being made by the French and Americans in the Champagne.

The Allies are rapidly extending their victories in the Balkans, marching northward in Serbia and pouring westward into northern Albania.

Capture of Mems, in Asia Minor, has brought the British to within 100 miles of the great center of Aleppo, which is one of the principal defenses of Constantinople from the south.

### MEN, 15 TO 60, TAKEN FROM LILLE BY GERMANS

BY LOWELL MELLETT  
(United Press Staff Correspondent)

WITH THE BRITISH ARMIES IN FLANDERS, Oct. 17.—British troops are in Courtrai, the great enemy base southwest of Ghent.

At the same time it is reported that the British are in the outskirts of Lille. This has not yet been officially confirmed.

In the Lille region the British were last officially reported to have broken through the line which the Germans built to the city and were nearing the ancient defensive moat, which was its principal protection in medieval times.

The centuries old moat has been fortified but there are no indications the Germans intend to use these defenses. It is understood the Huns have taken away all the men and boys in Lille between 15 and 60, leaving only the women.

Gen. Plummer's men have captured the hill positions which dominate Tournai and Roubaix. The enemy is removing materials from these two cities. Fires have been observed in Lille but it is not certain yet whether the Germans are seeking to destroy the city.

Pressure is continuing on all sides of the salient, which contains the three important French industrial cities. Occupation seems imminent and in a way that will not please the Germans.

In most places pursuers and pursued have moved out of the devastated mud flats into a fair, green country. The Belgians for the first time in four years are getting a glimpse of their country as they knew it before the war. Few buildings have been destroyed and none of the trees are harmed.

When Roulers was occupied 1200 civilians ran about at the peril of their own necks, pointing out hidden mines and shouting, "There's one, there's one."

A captured German engineer was compelled to remove the mines. American relief stores valued at \$20,000 were taken to Germany before the evacuation.

W. S. S.

### LAST MINUTE BULLETINS

\$100,000,000 YET TO GO IN THIS DISTRICT

SAN FRANCISCO, Oct. 17.—The twelfth federal district today had more than \$100,000,000 to subscribe in less than three days to complete its Fourth Liberty Loan quota of \$402,000,000.

### WOMAN ARRESTED ON CONSPIRACY CHARGE

LOS ANGELES, Oct. 17.—Mrs. A. F. Rogers was arrested by federal authorities here today charged with using the mails in a conspiracy to defraud the National Defense League. She was taken before U. S. Commissioner Long and ordered held for action by the grand jury.

Mrs. Rogers' arrest, which followed that of M. L. Williams, secretary of the league, made in San Francisco, on embezzlement charges, was made at her apartment here.

She had been field secretary of the league in Southern California. It is specifically charged Mrs. Rogers wrongfully sent \$245 in checks from Los Angeles to Williams in San Francisco. She protested her innocence and objected strenuously to being placed in jail.

### YANKS MENACE REMAINDER OF THE KRIEMHILDE LINE

WITH THE AMERICAN ARMIES IN FRANCE, Oct. 17.—Fighting in the mud and rain, the Americans are threatening to force the Germans out of the remainder of the Kriemhilde line. The Americans advancing northward from Grandpre, have practically cleared the enemy from Loges wood and are approaching Beffu.

In the region of St. Georges, the Americans have consolidated the first line trenches of the Kriemhilde line.

They have crossed the Aire river in force, the engineers pushing ahead of the infantry and constructing four bridges under artillery and machine gun fire.

### AT LEAST ONE AND MAYBE TWO MORE U. S. BOND ISSUES

WASHINGTON, Oct. 17.—The American people must be prepared to subscribe to one and probably two more Liberty Loans. This was revealed today by Secretary McAdoo, who said the financial plans of the Government will require a much heavier burden than has yet been placed on the nation. Authorization by Congress now aggregates twenty-seven billion dollars for the current fiscal year, McAdoo said.

### 497 NEW CASES IN L. A. TODAY WITH 23 DEATHS

LOS ANGELES, Oct. 17.—Four hundred ninety-seven new cases of Spanish influenza were reported in Los Angeles today. There were 23 deaths in the last 24 hours.

### GERMAN PLUNDERING AND DESTRUCTION STOPPED

AMSTERDAM, Oct. 17.—The Nieuwe Rotterdamse Courant declares that the German high command has ordered all plundering and destruction in France and Belgium to be stopped.

### WITHDRAWAL OF FRONT IS ADMITTED BY GERMANY

BERLIN, Oct. 17.—The German front line in Flanders has been withdrawn east of Thourout, Coicscamp and Ingelmunster and behind the Lys river, the war office announced today.

### MAY PUBLISH SHIP MOVEMENTS IN PACIFIC

WASHINGTON, Oct. 17.—Secretary Daniels today lifted the ban on the publication of ship movements on the Pacific coast, except such ships as may be engaged in transporting troops or military or naval supplies.

### LIBERTY LOAN TOTAL PAST \$3,600,000,000

WASHINGTON, Oct. 17.—Treasury officials declared at noon that today's subscriptions would send the Liberty Loan total to \$3,600,000,000.

## OSTEND, FORMER BOECHE U-BOAT BASE, OCCUPIED BY ALLY FORCE TODAY

LONDON, Oct. 17.—(4:22 p. m.)—British naval forces have occupied Ostend, it was officially announced by the Royal Air Force this afternoon. Aviators reported Ostend clear of the enemy this morning and Vice-Admiral Keyes, commander of the British channel fleet, landed in the former submarine base at 12:55 p. m.

Zeebrugge is believed to have been practically evacuated. French cavalry is also reported to have entered Ostend and to have reported that no Germans were encountered.

Belgian troops passed rapidly through Westende seven miles west of Ostend, bound for the latter city.

PARIS, Oct. 17. (12:56 p. m.)—A complete break through has been effected by the Allies in the Germans' second defense line in Belgium, according to battlefield dispatches received here today.

Dense masses of cavalry are pouring through the breach and are reported to have advanced nine miles.

LONDON, Oct. 17. (1:55 p. m.)—The Belgians are marching on Ostend, the former German submarine base, according to battlefield dispatches received here today.

The nearest point in the battle line to Ostend is in the region of Nieuport, about eight miles distant.

LONDON, Oct. 17.—Lille has been captured by the Allies, it was learned today.

The reports were received through dispatches from the battlefield which stated British troops had completed occupation of the great fortress and industrial city.

LONDON, Oct. 17.—British and Americans suddenly launched a new attack on a 10-mile front between Le Chateau and Bohain this morning. This drive is aimed directly at Hirzon, less than 25 miles eastward, which guards the western tip of the impassable Ardennes.

Capture of Hirzon will definitely split the German armies and leave the divided forces no choice of exit from Belgium and northern France.

Every mile gained toward Hirzon will narrow the maneuvering area left to the enemy and at the same time extend the southern face of the salient, which contains Lille, Tourcoing, Roubaix and Valenciennes.

Directly in the path of the Anglo-American assault, which was officially reported to be "progressing satisfactorily," is the important railway center of Wassigny, less than four miles from the advancing Allies.

The Allied drive in Belgium is progressing well. Belgian cavalry is reported to have entered Thiel, only 15 miles from Ghent and the same distance southeast of Bruges.

British troops are reported to have completed the capture of Courtrai and to have entered the outskirts of Lille.

Field Marshal Haig announced that the Belgians, French and British gained nearly four miles on a thirty-mile front yesterday. He confirmed capture of Thourout, Menin and several other towns.

The French war office reported continued contact with the retreating Germans between the Oise and the Serre.

United Press staff dispatches report important gains by the Americans between the Argonne and the Meuse, resulting from the capture of Grandpre. Serbian troops have advanced 20 miles north of Nish, capturing the town of Aloksinat. French cavalry occupied Pierot, 35 miles southeast of Nish, near the Bulgarian frontier.

### British Attack at 5:20 Today on Ten-Mile Front

LONDON, Oct. 17.—The British began a new attack on the ten-mile front between Le Chateau and Bohaine at 5:20 this morning, Field Marshal Haig reported. They are making satisfactory progress.

### Courtrai Captured After Violent Street Fighting

PARIS, Oct. 17. (11:15 a. m.)—The British captured Courtrai, after violent street fighting, according to the Petit Journal.

### Belgian Cavalry Penetrates Thiel, Reports Paris

PARIS, Oct. 17. (11:55 a. m.)—Belgian cavalry has penetrated Thiel, it was announced here today.

### Thourout, Schoorbakke, Ardoye, Litcherville Taken

LONDON, Oct. 17.—The Belgians have captured Thourout and Schoorbakke, Field Marshal Haig announced today. French troops have taken Ardoye and Litcherville, south of Thourout.

"Wednesday, between Dixmude and the Lys, despite the storm, Belgians, British and French continued their attack on a front of over 50 kilometers (31 miles) and advanced an average depth of over six kilometers (three and three-quarters miles)," the statement said. "North of Dixmude the Belgians crossed the Yser and occupied Schoorbakke. The British crossed the Lys and pushed beyond Menin to the depth of several kilometers along the right bank."

"The Belgians captured Thourout and the French captured Litcherville and Ardoye. The British occupied Menin and according to the latest reports entered Courtrai."

"A total of over 20 villages have been delivered from the enemy. No figures are available regarding prisoners and booty."

### French Maintain Contact Between Oise and the Serre

PARIS, Oct. 17.—French troops maintained contact with the Germans last night on the whole front between the Oise and the Serre rivers, the war office announced today.

"During the night we maintained contact on all the front between the Oise and the Serre," the communique said. "There was considerable machine gun and artillery activity."

### Serbians Capture Aloksinat, French Capture Pierot

LONDON, Oct. 17.—Serbian troops have captured the town of Aloksinat, twenty miles northwest of Nish, the Serbian war office announced today.

The French occupied Pierot, 35 miles southeast of Nish.

"On Tuesday we occupied Mount Kressi-Baba, the town of Aloksinat, Mount Kastrebatz and the village of Zlatare," the statement said. "French cavalry captured Pierot."

# INDICATES CITY NEARING ITS OBJECTIVE IN DRIVE

## Workers Going Hard For the Final Round-up of Finances For Uncle Sam

That \$1,472,250 monument marking the progress of Santa Ana towards her quota for the fourth Liberty Loan today rests at Thirtieth street, which means that the city is at this time within about \$200,000 of her quota. And that monument is going to Fourteenth street, if not a block or two beyond, before the present drive closes. It takes \$200,000 to move the indicator one block.

Santa Ana is going fast at the close of the campaign, and Liberty workers today at the luncheon at James' reported good progress. They are yet hard at work and have no intention of slowing down until after Saturday. The slow down won't come with the coming of dark, either, for they are going to work up to a late hour in the evening.

County Chairman Bisby today read a letter from the head of the twelfth district advising that there should be no let up in the campaign, because the reputation of the twelfth federal district was at stake. Indications are that some of the larger cities within the district are going to fall down and for the district to make good on her quota it will be necessary for the smaller communities to over-subscribe in large amounts.

City and county totals are not available today and it is intimated that the publication of the totals will not be given out any more until after Saturday. City Chairman Horton and County Chairman Bisby have no doubt but that the city and county will go over the top, and they are now devoting their energies to marshalling their forces for the final wind-up rather than keeping tab on the amount of subscriptions.

The Register today is printing the names of men and women who have joined some of the clubs that have been organized. Organization of these have been of wonderful assistance in swelling the total. Every name on them represents a resubscription, as the clubs are conditioned on the members having already been subscribers to the present loan.

There are several that have not been completed, and anyone wishing to assist in their completion should notify the chairman of the club he wishes to become identified with.

E. A. White expects to complete the club being formed to match the offer of James Irvine to take \$50,000 worth of bonds if ten men would each take \$5,000. White is going to put it over. He only needs four more men who will agree to invest \$5,000 each, and the trick will have been turned.

J. A. Turner of the Farmers & Merchants' National Bank today gave assurance that he had a \$100,000 club ready to be turned in whenever an equal amount was subscribed, whether in \$100 or \$5,000 blocks.

Nothing is being left undone to bring about the purchase of bonds, and it was suggested today that even if the city does go over the top, known financial slackers should be haled on the carpet and made to come through to help swell an over-subscription.

Private Hagen, who spoke here recently, was a guest at the luncheon and made a brief address.

W. S. S.

NEW YORK LOAN GAINS  
\$68,706,150 OVERNIGHT

NEW YORK, Oct. 17.—The half way mark was passed by the New York federal reserve district in Liberty loan subscriptions in an overnight gain of \$68,706,150, the Liberty loan committee announced today.

Up to 10 a. m. today the total subscriptions for this district amounted to \$916,227,000. This leaves \$883,778,000 to be collected in the remaining three days of the campaign.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

## MEMBERSHIP CLUBS FORMED, COMPLETED AND NOT COMPLETED

Several clubs organized during the closing days of the loan drive have assisted materially in swelling the city quota to where today there is every assurance that Santa Ana will not go into the list of slacker cities, if there be any in the United States. If the solicitors continue with the success of the past few days, the city is certain of going over.

The following are the names of those who have created the clubs and who have matched them, with the name of the chairman of the committees:

**Irvine Club—\$100,000**  
Chairman, Everett A. White.  
Created by Jas. Irvine, who offered to take \$50,000 if ten men would match him with \$5,000 each.—Incomplete: A. J. Visel, Jesse Dinsmore, H. A. Wassum, P. A. Robinson, Geo. W. Ford, Chas. McNaught.

**First \$1000 Club**  
Chairman, P. G. Beissel.  
Created by Roy Vincent, nine to match—completed: T. J. McCarter, L. P. Henderson, Pendleton Lumber Co., E. E. Wild, Emma Edwards, O. A. Haley, M. Nisson, Sam Nau of Tustin, N. T. Edwards, Orange.

**Second \$1000 Club**  
Chairman, P. G. Beissel.  
Created by Herbert Walker, nine to match—completed: N. T. Edwards, W. W. Halesworth, Sam Nau, Tustin; W. S. Lee, J. W. McNeill, W. K. Robinson, C. E. Parker, Mrs. A. Butz.

**Third \$1000 Club**  
Chairman, P. G. Beissel.  
Created by J. P. Hatzfeld, nine to match—completed: Lucien O. Crawford, A. E. Shoemaker (2), Chas. McNaught (2), Chas. Kaufman, Jr., C. P. Kryhl, W. L. Innes, J. H. Stout.

**Fourth \$1000 Club**  
P. G. Beissel, chairman.  
Created by Vandermast & Son, nine to match—completed: H. J. Forgy, O. M. Robbins, E. M. Dimmock, A. J. Perkins, W. E. Ward.

**First \$500 Club**  
J. S. Hill, chairman.  
Created by John Fritz, nine to match—completed: Mrs. W. W. Morrison, Geo. E. Lewis, Ed Petz, Ed Waite, H. L. Schlack.

**WOMEN'S CLUBS**  
**First \$500 Club**  
Mrs. W. L. Grubb, Mrs. Dick Wilson, chairman.  
Created by Dr. Vance Tremaine ten to match—completed: Mrs. C. F. Cross, Mrs. E. V. S. Pomeroy, Mrs. J. Dick Wilson, Mrs. W. L. Grubb, Mrs. Geo. Kryhl, Mrs. Chas. McNaught, Miss McNaught, Mrs. C. E. Jackson, Mrs. J. R. Goodwin.

**Second \$500 Club**  
Mrs. W. L. Grubb, Mrs. J. Dick Wilson, chairman.  
Created by Mrs. J. P. Hatzfeld, ten to match—completed: Mrs. H. J. Forgy, Mrs. Clyde Bishop, Mrs. Clare T. Johnson, Mrs. Mary Ellen Newcomb, Mrs. M. R. Scott, Mrs. Geo. S. Smith, Mrs. Ed Farnsworth, Mrs. Anna S. Mitchell, Mrs. Innes.

**Third \$500 Club**  
Mrs. W. L. Grubb, Mrs. J. Dick Wilson, chairman.  
Created by Mrs. A. C. Bowers, ten to match—completed: Mrs. W. E. Otis, Mrs. Roy K. Bishop, Mrs. C. P. Kryhl, Mrs. C. D. Ball.

**First \$300 Club**  
Mrs. W. L. Grubb, Mrs. J. Dick Wilson, chairman.  
Created by Mrs. F. M. Young, ten to match—completed. Just started, no names secured.

W. S. S.

## CLIMBS SANTIAGO PEAK TO SELL ANOTHER BOND

If signing up for a bond at the very top of Orange County has anything to do with Orange county going over the top, then Orange county will go over.

Today on the top of Santiago Peak, Miss Winifred Hunter, forest service lookout, is going to sign up for another bond. When she was at the home of her brother two weeks ago she signed up for a bond. Yesterday she telephoned from the lookout station to Forest Ranger Stephenson at El Toro, and said that since the drive was so near the end and the total had not been raised she wanted to buy again. Such a thing as someone in Orange county wanting to buy and being able to buy and not being given an opportunity to buy is not to be thought of. John Osterman volunteered to take the long hard hike to the top of the peak to get that signature and check. He started on his mission of Liberty loan this morning.

W. S. S.

## I Am Public Opinion

I declare that Uncle Sam shall not go to his knees to beg you to buy his bonds. That is no position for a fighting man. But if you have the money to buy, and do not buy, I will make this No Man's Land for you.

I will judge you not by an allegiance expressed in mere words. I will judge you not by your mad cheers as our boys march away to whatever Fate may have in store for them.

I will judge you not by the warmth of the tears you shed over the lists of the dead and the injured that come to us from time to time.

I will judge you not by your uncovered head and solemn mien as our maimed in battle return to our shores for loving care.

But, as wise as I am just, I will judge you by the material aid you give to the fighting men who are facing death that you may live and move and have your being in a world made safe.

I WARN YOU—don't talk patriotism over here, unless your money is talking victory Over There.

I am Public Opinion.  
As I judge, all men stand or fall.

W. S. S.

Dr. Magill, Osteopath. Phone 958-W

## KEYES TO HANG DEC. 20, DATE SET TODAY BY JUDGE WEST

This afternoon Judge West fixed December 20 as the date for the hanging of Edward Keyes, murderer of 11-year-old Leonard Herwick in December of last year.

It was with a laugh that Keyes took the fixing of the time for his execution. He was neither excited nor worried, if looks count.

Keyes is suffering with a light attack of grip, but walked upstairs to Judge West's room without great difficulty.

"You may remain seated if you are tired," said Judge West. Keyes said he felt weak, and he remained seated.

Judge West read a written order for hanging at San Quentin between the hours of 9 a. m. and 4 p. m., December 20. Keyes grinned, and was quickly taken from the court room and to the jail. But a few minutes elapsed between leaving jail and returning.

Keyes was represented at the hearing by Attorney M. J. Finkenstein of Los Angeles, who appeared for Attorney Ingle Carpenter, Keyes' attorney.

There is no longer an opportunity for delay by appeal. Death or the governor alone can prevent Keyes from being hanged on the date set.

W. S. S.

## CALL IS TO BE MADE FOR SLACKER RECORDS

The directors of the Chamber of Commerce last night voted unanimously to co-operate and assist in every way possible in the collection of phonograph records and instruments for the sailors and soldiers.

Mrs. A. J. Padgham and Mrs. Ella Campau were before the board last night and explained the plans for the big drive all over the nation during the week of October 26-November 2. Records or instruments may be left at the Chamber of Commerce rooms and they will be taken care of.

"Draft your slacker records," is the slogan of the National Phonograph Records Recruiting Corps, a branch of which is being organized in Santa Ana by Mrs. Alba J. Padgham to conduct the local end of the big campaign for phonographic records and instruments for the men in camp and overseas.

Musicians, music dealers and patriotic persons in all walks of life are being enlisted in the work.

Under the national chairmanship of Vivian Burnett, author and composer, with headquarters at 21 East Fortieth street, New York City, more than 500 local committees are being formed in all parts of the United States to push the drive.

The National committee is headed by Major General J. Franklin Bell, U. S. A., commandant of the Department of the East, as honorary chairman, and includes nearly 20 men and women of nation-wide prominence.

Music Makes Morale

Mr. Burnett sends the following message:

"Music makes morale, and the phonograph is the soldier's favorite musical instrument. In the training camps, on the transports and battle-ships, and in the dugouts and hospitals, phonographs are making the men happy and cheerful, and helping to make them fit. But in hundreds of places records have been played till they are worn out, and in other places disks are entirely lacking."

The need of supplying in an organized way the tremendous demand for phonographs and records has become impossible to ignore.

In every home where there is a phonograph, a number of good records are idle. These are the "slacker records" that the boys need at the front. Every loyal American is asked to do his share towards furnishing "the fourth essential," as music has been called, towards helping to win the war.

"Slacker Records Week" will start the ball rolling, and it is hoped that a million will be collected then, to go immediately into service at the front, on shipboard and in the camps.

The Chamber of Commerce has kindly offered its room for headquarters, and any one who wishes to help in the work, or who can contribute machines, needles or records during the week of the drive, should communicate with Mrs. Alba J. Padgham, phone 812-J, or leave packages at the Chamber of Commerce rooms, phone 222, in the city hall building.

## A SUCCESSFUL REMEDY

All things succeed which really deserve to, which fill a real need, which prove their worth. The fact that the famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has for three generations been relieving women of this country from the worst forms of female ills and has won such a strong place in our American homes proves its merit beyond the question of a doubt. It will well pay any woman who is in need of such a medicine to try it.—Adv.

HUN SURRENDER RUMOR  
COMES THROUGH MEX.

CALEXICO, Cal., Oct. 17.—The operator at the Mexican wireless station at Mexicali received a "flash" last night from the interior of Mexico saying dispatches had arrived announcing Germany's surrender, according to reports here today.

W. S. S.

## 130-LB. SWORDFISH, AND A KING DOLPHIN CAUGHT OFF NEWPORT

NEWPORT BEACH, Oct. 17.—While trolling a few miles off the Newport Beach coast last Wednesday, A. E. Dixon and son, Louis, caught a large swordfish. The big fellow was landed only after a fierce battle lasting for more than half an hour. He measured eight feet in length and weighed 130 pounds.

The fishermen also made another unusual catch on the same day when a King dolphin took one of the hooks. This was the second one ever caught off this coast and was four feet long and weighed eighty pounds.

HARPER

## WILL NOT CUT OFF OUTSIDERS FROM HARPER WATER

HARPER, Oct. 17.—The Newport Heights Co-operative Association met at the school house in regular monthly session last Thursday night and held first a business meeting to receive reports from various committees. Secretary L. G. Swales was called on for remarks as to the progress of the new irrigation company. His remarks elicited favorable information about the progress of the new system as to the improvements being made and the cost of water as compared with other irrigation systems of Orange county. President George E. Huntington then read an item reported in the Register stating that the new company would cut off the water from outside districts in two months. He said it was a mistake and that the official board of the new company had not mentioned such a thing in any of its meetings; that no outside district would be cut off until it was supplied by some other source.

After some questions had been satisfactorily answered, the meeting was turned over to the entertainment committee, Mrs. Dan Reich, moderator. Miss Mignon Swales and Mrs. Mark Virgin sang a beautiful duet, accompanied by Mrs. Swales at the piano, and L. G. Swales on the cello, responding to a vigorous encore with another duet. Mr. and Mrs. Frank L. Dodge sang an old-time ditty, after which followed some community singing, impromptu.

In the absence of the expected orator, George Huntington made a good patriotic talk, interspersed with some good stories. Frank L. Dodge was called on for something, and recited an original poem entitled "I Have a Friend in Paradise." Mr. Swales urged all to work for a full membership attendance at future meetings.

## SEBASTIAN'S OCTOBER SALE

### Smashing Cut In Prices

C. B. or J. C. C. Corsets, \$2.50 values, special ..... \$1.98

\$5.00 Men's high grade gun metal and vici leather Dress Shoes, in English, plain, or cap toe, per pair \$4.39

and are wormless. Mr. Wallace says he paid \$68 for the spraying that made them wormless and it was money well spent because one of the best features of good apples is to find them wormless.

Will L. Finch went to Los Angeles on Saturday to visit his son, Clifford Finch, and also to see his brother who is working in Pasadena.

Rev. L. O. Bostwick has returned, having been reappointed for another year to the Harper and Newport church work. His church will be closed for next Sunday unless the county health officer rescinds the order by which all churches are closed on account of the "flu."

The Harper Red Cross has finished its quota and gone over the top. Miss Minnie Larson of Bulboa was called on for something, and recited an original poem entitled "I Have a Friend in Paradise." Mr. Swales urged all to work for a full membership attendance at future meetings.

E. Goepper said there had been a lack of such co-operation as some of the members had expected, hence their non-attendance. Mr. Swales said the achievement of the new water system as an accomplishment of the association was in itself enough to show that it is worth maintaining.

Starts Home Improvements  
W. C. Spencer, who bought through S. S. Williamson, the Anderson place, is a live wire for the Mesa, having already started improvements by building a good garage and is grading and leveling his land for good irrigation. He will also build an addition to his house as soon as the government takes off the lid.

Picking Solland Lemons  
John Sparks, superintendent of the Albert Solland 20-acre lemon grove, is picking a pretty good crop of lemons this week. The grove is looking fine, having been irrigated and cultivated well just before the late rain and re-cultivated since the rain. Mr. Sparks has been spraying the trees with the University formula, whale oil soap, rosin and lye, churned into a foamy emulsion by machinery and applied by motor force to the trees. He thinks the process killed from 25 to 50 per cent of the scale. He could have killed a greater percentage by a stronger mixture, at the risk of the foliage. He says the cyanide process is the best, but it is hard to get that at this time because of the scarcity of cyanide for the tent necessary to apply it. The lemons he is now harvesting are sold on a future contract at 5 cents, which is more than the present market price.

Opening P. T. A. Meeting  
On last Wednesday afternoon the P. T. A. of the Harper-Fairview school held its first meeting of the new school year, at the Harper school house. After a few appropriate words of welcome by the new president, Mrs. Alice King, a short discussion followed and it was decided to make the new school year a banner one for the P. T. A. also to assist the Junior Red Cross in their work during the meetings. At the close of the meeting officers were elected for the school year as follows: Entertainments, Miss Rodgers; Mrs. Virgen, historian, Mrs. Middleton; refreshments, Mrs. W. A. Stearns, Miss Mary Stearns; press, Mrs. Mark Baker.

The Harper Epworth League social is postponed until further notice. Mr. and Mrs. Charlie Treat of Chino were callers at the Mark Baker ranch on Friday.

Mr. and Mrs. Mark Baker entertained Henry Morrison of Santa Ana on Sunday.

Wallace Wormless Apples  
Lew H. Wallace has the fruit nearly all harvested from his five-acre apple grove on the Heights. He has graded them into two sizes which sell the smaller at 3 cents, and the larger at 4 cents per pound. They are very nice

and are wormless. Mr. Wallace says he paid \$68 for the spraying that made them wormless and it was money well spent because one of the best features of good apples is to find them wormless.

## TWO MEXICANS DIE FROM PNEUMONIA COMING WITH GRIP

Three New Cases at Jail, Five New Cases Reported at Orange

Since yesterday afternoon two new cases have occurred as the result of pneumonia that came with grip, or Spanish influenza.

One of them was Mrs. Amelia Deando, whose husband died a few hours before death came to her. Both died of pneumonia. Deando's death was reported yesterday, he being one of three Mexicans who had died in the twenty-four hours previous.

The second death since yesterday was that of Hilario Hernandez, who was one of the prisoners taken from the county jail to the county hospital.

At present there are four other cases of pneumonia at the county hospital, three whites and one Mexican.

Five new cases have been reported at Orange, keeping pace with the number recovering. There are about twenty cases there altogether. Dr. Domann, county health officer, said that reports indicate that the epidemic is quieting down in the north end of the county. Dr. Zaiser and the four nurses at the county hospital, who have been suffering with the grip, are getting along well. Miss Swall, the matron, has had a little more serious attack than the others, but pneumonia has not developed.

In the last twenty-four hours there has been more talk of the seriousness of the situation than at any time since the epidemic started. This afternoon efforts were being made to have a meeting of the city board of health.

The Register today prints a bulletin issued by the U. S. Public Health Service. This bulletin appears on page 8, second section, and should be read carefully.

### REOPENING PROMISED AT SANTA MONICA BEACH

SANTA MONICA BEACH, Oct. 17.—The most cheerful news about the influenza came from the office of Dr. F. J. Wagner, city health officer, who said that only five new cases had developed in the past twenty-four hours. This makes only twenty new cases since Sunday morning. All of them are mild. It is expected that the ban on amusements and motion-picture houses will be lifted by Sunday if there is no increase in the epidemic.

### 276 LIGHT CASES IN KERN COUNTY

BAKERSFIELD, Oct. 17.—Influenza cases numbering 276 have been reported in Kern county, according to Dr. C. A. Morris, county health officer. The cases have been very light, and no more than three deaths have resulted, the physician says. He has ordered that the schools remain open. There has been no thought of closing public places such as theaters and churches.

### WAY DOWN EAST CIDER AND DOUGHNUT SOCIAL AT HUNTINGTON HOME

HARPER, Oct. 17.—A very pleasant affair took place at the residence of Mr. and Mrs. George Huntington last Thursday night. The host and hostess very cordially received the following guests who responded to their invitation to be present, not for a clam bake, an oyster stew or any old thing like that, but to enjoy a regular way down east doughnut and cider social. There were present Mr. and Mrs. Charles Prinslow, Mr. and Mrs. Dan Reich, Mr. and Mrs. Walter Young, Mr. and Mrs. R. M. Durkee, Mr. and Mrs. J. S. Thompson, Mr. and Mrs. E. Goepfer, Mr. and Mrs. Frank L. Dodge, Mr. and Mrs. L. G. Swales, Mr. and Mrs. Brush, Mrs. Brace of Santa Ana, the Misses Helen and Lela Reich.

The popular three-piece orchestra of Santa Ana, composed of Mrs. Mills, violin, Mrs. Watry, piano, and Mr. Mackey, cello, accompanied by Mr. Mackey and Mr. Watry, were also present. The orchestra was the big factor of the musical part, discoursing excellent selections of sweet music throughout the evening. Mr. and Mrs. Frank L. Dodge contributed some well received vocal selections and an ample supply of Mrs. Huntington's delicious, home-made doughnuts with "a little more cider too" passing around supplemented by luscious grapes and apples, did the rest to make the evening a very enjoyable one.

### GARDEN GROVE

**W. C. T. U. MET WITH  
MRS. S. S. JACKSON**

County President Gives Address; Reception Given Returned Minister

GARDEN GROVE, Oct. 17.—Mrs. S. S. Jackson was hostess Wednesday afternoon to the W. C. T. U. Mrs. L. C. Yeoman of Anaheim, county president, gave a very helpful address, strengthening the prohibition defenses. Local union president, Mrs. W. B. Harper, also gave a brief talk on the coming election. The hostess served refreshments.

**Meeting and Reception**  
The annual meeting and reception to the minister and wife, Rev. and Mrs. Reinus, was held in the tabernacle Friday evening by the Methodists and friends. A 6 o'clock chicken pie dinner was a most enjoyable part of a very excellent program. S. S. Jackson was chairman of the evening. The address of welcome was given by G. R. Revburn. Mrs. Ralph P. Erickson gave several very excellent readings. Miss Thompson and sister, C. C. Vogle and Henry Carner gave some quartet numbers. During the two years Rev. and Mrs. Reinus have lived here, they have won the admiration of a host of friends, who gladly welcome them for another year's work.

Mr. and Mrs. H. A. Lake were Saturday evening guests at the home of Mr. and Mrs. Charles McKeen at San Juan Capistrano.

Mrs. Henry Bossey was a Saturday guest at the home of Mr. and Mrs. J. Arthur Black at South Pasadena. Willis J. Newsom, who has been dangerously ill with la grippe, is convalescing.

Mrs. J. F. Mayhew and daughter, Miss Goldie Mayhew, C. A. Emerson and E. Arrowsmith motored to Chino Sunday, where they were guests of Mrs. Mayhew's daughter, Mrs. W. E. Phillips, it being the wedding anniversary of Mr. and Mrs. Phillips, and three birthdays being within three days, two of their sons' and Miss Mayhew's.

Mr. and Mrs. H. A. Lake and family and Miss Elsie Clark motored to Los Angeles, Arcadia and Riverside Sunday.

Mr. and Mrs. George Brown of San Bernardino are guests at the home of the former's mother, Mrs. M. J. Brown, on South Euclid avenue.

Rev. and Mrs. B. Silkwood, who will spend the winter in Santa Ana, where they own residence property, were Tuesday and Wednesday visitors at the home of Mr. and Mrs. A. J. Chaffee.

Miss Van Ness, who lives in Massachusetts and who spends her winters in our Sunny Southland, arrived Sunday and is a house guest at the home of Mrs. Thurston Richardson. She has sold her property and will locate here.

Mrs. E. E. Spain went to Los Angeles Thursday to attend the funeral of a cousin who succumbed to Spanish influenza.

Mr. and Mrs. Clarence Crosby, Mr. and Mrs. Samuel Wright and daughter, Miss Helen, motored to Corona via Santa Ana canyon Sunday, returning via Pomona and Carbon canyon.

W. S. S.—  
**TOOK OUT DREADFUL SORENESS**  
—When the kidneys are weakened or overworked so that they fail to filter and throw all impurities out of the blood, the poison remains in the system and backache, soreness, lameness and rheumatic pains are likely to develop. Mrs. David Henry, 65 S. Lincoln Ave., Washington, N. J., writes: "Foley Kidney Pills are doing me much good, both my kidneys and the rheumatism. They took all the dreadful soreness out of my limbs. Rowley Drug Co.—Advertisement."

W. S. S.—  
Order a gallon or brick of Taylor's Ice Cream for Sunday dinner.

Dr. Hancock wants hard cases.

## YANKS DRIVE SHARP WEDGE INTO ENEMY

German Defenses Near Grandpre Collapse; Loge Wood Cleared of Germans

BY FRED S. FERGUSON  
(United Press Staff Correspondent)  
WITH THE AMERICAN ARMIES

IN FRANCE, Oct. 16. (Night).—Capture of Grandpre, accomplished by the Americans yesterday, has resulted in collapse of the German defense on a considerable front east of that place.

The doughboys have practically cleared Loge wood and are driving a sharp wedge into the enemy lines in the direction of Buzancy (six miles northeast of Grandpre).

Additional progress has also been made on both sides of the Meuse.

According to prisoners, the Germans expected an armistice to go into effect at 3:30 Monday afternoon. They were amazed when our artillery fire increased and the infantry attacked. Many who expected to be fraternizing with Americans are now prisoners.

One American division has taken prisoners from four boche divisions in the past two days, including one of the best enemy outfits on the whole west front.

There seems to be no end to the machine gun defenses. As fast as a series of these are wiped out others are encountered and the artillery's work starts all over again.

—W. S. S.—

## ROSENOW VACCINE FOR CHICAGOANS

Designed to Provide Immunity From Influenza; to Make It on a Large Scale

CHICAGO, Oct. 17.—Vaccine originated by Dr. E. C. Rosenow of the Mayo clinic, Rochester, Minn., will be used in Chicago's campaign against Spanish influenza.

Dr. Rosenow told the Chicago influenza emergency commission of his experiments with the vaccine, with which he has treated 20,000 persons. The commission at once named a committee of physicians to take charge of the manufacture and use of all vaccine and serum in Chicago, including the Rosenow vaccine. Another committee was named to raise funds for its manufacture and distribution.

Five days will be required to begin the manufacture of the vaccine here, it was stated. Meantime Dr. Rosenow will provide a supply sufficient for 100,000 doses from his laboratories in Rochester.

The vaccine is designed to provide immunity from the disease, though Dr. Rosenow is unwilling to make specific claims as to its value. He believes it aided greatly to suppress the spread of the influenza at Rochester.

—W. S. S.—

## CAN BE INDUCTED INTO AIR SERVICE

Authority from the provost marshal general permits the voluntary induction into the service, U. S. army, of a limited number of men between the ages of 18 and 45, and enlistment between the ages of 46 and 56, thus affording excellent opportunity for men registered September 12 to volunteer their services in a very desirable branch. These men will either be sent direct to the flying fields throughout the United States or to an air service mechanical training school for the purpose of training and instruction. This course of either field or school training or both is preparatory to overseas service.

Applicants must qualify as airplane mechanics, blacksmiths, cabinet makers, coppersmiths, fabric workers, ignition repairmen, instrument repairmen, fine machinists, sheet metal workers, motor mechanics, propeller makers, vulcanizers or welders.

Men who have had experience in amateur or professional photography particularly in the preparation of solutions, printing and developing are much sought after for this service. These men are likewise given detailed instruction and training before they see actual service overseas.

There is also an opening at the present time in this branch of the service for 300 male stenographers qualified for limited service only. These will be placed under either the Washington offices or in flying field headquarters throughout the United States.

An Air Service Trade Test Board is now operating at 711 Santa Fe building, San Francisco, Cal., for the purpose of passing on applicants. Where it is possible a personal interview is much more satisfactory both to the individual and the board. Application blanks will be forwarded where this interview is not practical. Branch Trade Test Boards will soon be located in Los Angeles, Cal., and Seattle, Wash.

—W. S. S.—

## ELIZABETH MARSHALL GRAND WORTHY MATRON

SANTA CRUZ, Oct. 17.—Mrs. Elizabeth Marshall, Sacramento, was elected Grand Worthy Matron of the California Grand chapter, Order of the Eastern Star, in its annual convention here. Other officers elected were:

Worthy Patron, B. W. Pierce, Los Angeles; Associated Grand Patron, S. C. Haake, Mill Valley; Grand Treasurer, Mrs. Lillian Beckley, Berkeley; Grand Secretary, Mrs. Kate J. Willett, San Francisco.

—W. S. S.—

Dr. Hancock wants hard cases.

## LATE WIRE NEWS

**DECLARES HUNGARY IS AN INDEPENDENT STATE**  
LONDON, Oct. 17.—The Hungarian parliament has issued a proclamation declaring Hungary an independent state with only "personal union" with Austria, according to a Central news dispatch from Copenhagen today, quoting a Berlin dispatch.  
By a "personal union" it is probably meant that Emperor Karl will be retained as king of Hungary.

### BRITISH ATTACK HAS GAINED 2 MILES TODAY

LONDON, Oct. 17. (4:05 p. m.)—The Franco-Belgian battle line this morning ran through Mannekenver-St. Pierre-Capelle, Leke, Couckelaire, Poorthoek, and Ingelmunster, according to battle-front dispatches. This would put the line six miles south of Ostend.

The British attack, which was started between Bohain and Le Cateau this morning, already has advanced two miles.

### BERLIN OFFICIALLY DENIES KAISER YARN

AMSTERDAM, Oct. 17.—Official denial that the kaiser has abdicated was contained in a dispatch from Berlin received here today.

## ANALYSIS OF THE LATE WAR MOVES

By J. W. T. MASON  
(United Press War Expert)

NEW YORK, Oct. 17.—A new offensive has been begun by the French to cut off the German armies in the Champagne through the capture of the fortress of Hirzon, which guards the southwest corner of the Ardennes massif.

General Guillaumat has been relieved of his duties as governor of Paris and has been sent to the front to command the immensely important operation. General Guillaumat is one of Marshal Foch's most brilliant strategists and was largely responsible for the successful defense of Verdun against the German crown prince.

He was made military governor of Paris last June when Hindenburg developed his attacks which threatened the French capital.

The sudden dispatch of General Guillaumat to the Champagne sector is very significant. It means Marshal Foch has spied the possibility of moving upon Hirzon along the railway through Vervins and severing direct connection between the German armies in Western France, Eastern France and Belgium and the German armies in the Champagne.

It is only by pivoting around the Hirzon corner that von Hindenburg's troops in the Champagne can find a direct route to Belgium. If this passage is closed they must move through the difficult Ardennes barrier or try to get back into Germany via Luxembourg. It is possible that General Guillaumat's sudden movement may mean that Foch believed General Pershing is getting close enough to Stenay to begin cutting off a German retirement if attempted on a large scale by way of the Luxembourg line of communications.

—W. S. S.—

## WILD SCENES ON NEW YORK STOCK MARKET

NEW YORK, Oct. 17.—The stock market opened higher today amid the wildest scenes since the surrender of Bulgaria was announced. In the first fifteen minutes the gains in active issues ran as high as three points, with gains in active investment issues running in excess of ten points.

War and international political news was directly responsible for the good demand for stocks. The news was interpreted as indicating peace through victory in the near future. The only losses found anywhere were in the war group.

Union Pacific sold up nearly two points and many rails gained a point. Royal Dutch sold up over 11 points to 130, a record high figure. American Smelting gained more than two points, crossing 85.

Gains in the rubber issues ran nearly two points and gas stocks made new high records. Motor stocks responded quickly. Mercantile Marine shares were higher.

—W. S. S.—

## LOTTIE PICKFORD RUPP REPORTED VERY ILL

LOS ANGELES, Oct. 17.—Members of the Pickford family are rushing from various distant points to the bedside of Lottie Pickford Rupp, who is seriously ill at St. Vincent's hospital. Mrs. Rupp is suffering from a double mastoid abscess, having caught cold on the train while en route to Los Angeles from New York. She arrived here Saturday and was at once taken to the hospital.

In addition to the affection of the ear, Mrs. Rupp has congestion of the lungs, and doctors attending her are fighting to prevent pneumonia setting in. Because of her high temperature it is impossible to perform the necessary mastoid operation. Mrs. Charlotte Pickford, Mrs. Rupp's mother, has been called from New York and will arrive here Saturday, and Mary Pickford, who went to San Francisco recently to do Liberty Loan work, has been summoned and was expected today.

## METHODISTS HOPE TO RAISE LARGE FUND FOR WORK

The raising of \$35,000,000 within the next five years throughout the nation by the Methodist Episcopal Church, South, is part of the program for this, the Centenary year of the foundation of Methodist Missions. A campaign is now on among the churches to create this fund, and a tea for men to which the promotion of this work has been delegated is in attendance at the conference of the Los Angeles district in session in Spurgeon Memorial church. They occupied the forenoon session in addresses. The fund is to be used in missionary and church extension work. It is \$25,000,000 more than ever has been attempted by the organization within the same period. The members of the team occupied the forenoon session today in half-hour talks.

Rev. O. E. Goddard gave a general view of the conditions in the field in the matter of extension work, and he urged the co-operation of this denomination with other churches and agencies tending to advance the church interests of the world.

S. A. Neblett, returned missionary from Cuba and secretary of Centenary gave a comprehensive review of the conditions in Latin-American countries, giving a striking contrast between them and the Anglo-Saxon and American countries. He showed the part the United States must take in the advancement of Christianity in the foreign countries, declaring that it must do so with high standards of religion, business methods and international politics.

Dr. H. A. Boaz, secretary of the Church Extension Board, declared that every civilization must build something permanent and that the civilization of today must build permanent churches, as Christianity is the foundation of all true civilization.

Dr. A. P. Parker, for thirty years a missionary in China, spoke of the part the Orientals are taking in the advancement of religion, and paid a high tribute to the character of the Chinese.

Mrs. Virginia Hargrave, of the Scarritt Bible Training School at Kansas City, also made an address.

## NO MORE BREST-LITOVSKS

When Germany made the "treaty" of Brest-Litovsk, her statesmen thought they were achieving a masterpiece. So they were—a masterpiece of perfidy which Germany cannot outlive for a thousand years. Brest-Litovsk, instead of a German triumph, proves to be the chief obstacle to the peace which Germany craves in her hour of defeat and despair. If the Allies refuse all belief in Germany's good faith, it is chiefly because they remember Brest-Litovsk.

Germany had persuaded Russia to stop fighting and make peace. She had done it by taking up Russia's own cry of "no annexations, no conquests, no indemnities." Germany professed faith in those principles, and promised to write them into a treaty guaranteeing Russia an honorable peace, with freedom to work out her own destiny. The Russians, in their blind faith, with their new visions of human brotherhood, trusted Germany, and trusted the Bolsheviks to speak for them.

We all know what happened. The German mailed fist was wanted on the conference table at Brest-Litovsk. The German sword was swung. German diplomats backed by German generals compelled the signing of a document that tore Russia to pieces, gave Germany her richest provinces and provided for the collection of a staggering indemnity. Germany disregarded the armistice she had signed, even during the conference. Afterward, she disregarded every pledge made by her in that treaty, and having tricked the Russian army into demobilization, proceeded to shoot, burn, loot and annex Russia at her leisure.

How can any government or any people trust Germany after that?

France, England, Italy and the United States are not Russia. Our eyes are open. And among Allied leaders there are no Lenines and Trotskys. Therefore there will be no repetition of Brest-Litovsk.

## THE LONG ARM OF THE RED CROSS

Among the numerous branches of the American Red Cross is the Bureau of Communication, whose object is keeping the people at home in as close touch as possible with the men in the field.

One of the duties of this bureau is finding the soldiers reported as "missing." Immediately upon receiving such a report, the bureau starts its "searchers" to work, questioning comrades, going over the scene of battle, following every possible clue. Even before the government notification has reached the man's family this work has begun. Its result is communicated to his people. If the soldier is dead, they are told so with all possible additional details for their comfort. If he is located in a hospital, the fact of his illness and wounds, his condition and progress, are faithfully reported.

Should he be found to be a German prisoner, another branch of the Red Cross, which operates as a prisoners' relief organization, is given his name, and through headquarters in Switzerland he is provided with smokes, food, clothing and even toilet articles. A large percentage of these supplies reach the men, owing not to Germany's kindness of heart, but to a recognition of her advantage. Germany is not over-supplied with food for her own people.

It is good to know that the long arm of the Red Cross not only can, but does, reach even to the boy wearying in a German prison camp.

## PRACTICAL PACIFISM

Events show that the German peace bid has weakened the enemy as much as it has strengthened the Allies.

The Central Empires have, by plain implication, announced that they want to quit because they cannot win. The civilian population, seeing the government give up the hope of victory, loses its will to endure further privations. The army loses its fighting spirit.

"If the government doesn't want to fight any more," the soldiers may well say, "why should we?" Germans captured within the last few days have uttered these very words.

Some of the German troops still fight with their old spirit, but the majority of them seem to show a letting-down, a relaxation of effort, a loss of will to win. This demoralization, together with the increased confidence of the Allied troops, has much to do with the sweeping victories we are now winning.

Thus German peace talk is hastening peace in a way that the kaiser never intended—by making it easier to smash Germany. On with the war! Our soldiers are the first class pacifists.

## DEFEND THE CHILDREN

It was inevitable that the exploiters of child-labor would seize upon present conditions as a golden opportunity for taking children from their play, and thrusting them into the fields of industry, forbidden by the large laws of humanity and the more finite one of the states themselves.

These malefactors hoped, of course, that the demand for labor was so pressing, and everybody so busy that their introduction, little by little, of children into mills and factories would escape notice.

Fortunately for the children, Justice is not always blind. Ohio reports 207 convictions out of 307 prosecutions for violation of the child-labor laws, as a result of "earnest and determined effort" to protect its little ones.

State action of this sort is especially necessary as long as there is no adequate federal law on the subject.

Have you noticed that everybody's quoting

Grant now, instead of Sherman? War may still be hell, but what people are interested in is unconditional surrender.

Those Turks must be a tolerant lot. Enver Pasha was pasha-ing long before Lenin and Trotzky began Bolsheviking, and he isn't hanged yet.

## Should Defeat No. 21

From the Riverside Press

The most potent argument against the adoption of the dental initiative measure, amendment 21, has been found in an educational film recently released under the auspices of the University of California.

The changes in the dental laws proposed in this amendment would tend to lower the standard of dentistry in California by removing the safeguard to the public now contained in the provision that every applicant must pass an examination as to professional qualifications. In place of this test of efficiency is substituted the payment of a fee of \$25.

It is contended that this would open California to a horde of charlatans and would relegate dentistry to the plane it occupied when the street faker operated only to relieve pain and before it had advanced to its present high place in the protection of public health by the development of preventive as well as corrective measures. The extent upon which health depends upon scientific dentistry is strongly brought out in the university moving picture. The film shows the transition of food into muscle and bone and demonstrates the importance of good teeth.

The progress in dentistry is due to the labor and study of the students and faculties in the dental colleges and to men who devote their time to experimental researches after graduation. It is these men, as well as the public, that the present laws were enacted to protect.

A high standard of qualifications to practice in this state was adopted by the state board of examiners to save the public from the dangers of incompetent dentistry as well as to protect the highly trained man from unfair competition.

That these laws are not too strict is shown by the opposition to the proposed amendment by the state dental associations, the presidents of the dental colleges and by other organizations interested in the public health and welfare.

The proponents of the amendment find the present laws a stumbling block in the way of their plans to commercialize dentistry. Amendment No. 21 was initiated financially. A certain price per name was paid for signatures. Its objects are financial. It seeks to drive out of business the private practitioner and to increase the profits of the "wholesaler."

One of the principal arguments made in favor of the amendment is that its passage will reduce the cost of dentistry, but the amendment has been denounced by labor organizations in formal resolutions adopted after a study of its provisions.

The university's film plainly illustrates the danger to the public health of incompetent dentistry, the suffering and disease caused by ill-fitting crowns and poorly-finished fillings, made in a hurry and at a set price irrespective of the amount of work necessary for honest results.

## Bell vs. Stephens

From the Marysville Democrat

As for being elected governor under such eleventh-hour circumstances, Bell stands about as much show as an icicle would in Hades. He will receive the votes of those who are Democrats under any and all circumstances—of those to whom it is a sort of religious rite to vote the Democratic ticket—and he will not receive much more.

He is making his campaign largely on the wet or dry issue, he representing the wets and Governor Stephens the dries. Now, it may be very doubtful that the people of this state are in favor of prohibition, and at any rate it is certain that not long ago they were not, but these times are not ordinary times, and there are two factors in the present situation which will co-operate to defeat Candidate Bell. These are:

First: Circumstances have so shaped themselves that prohibition is a war measure at the present time, and that fact will influence a large proportion of California citizens.

Second: The open and notorious defiance of law by a large proportion of our saloons has so disgusted many people that, although they are not in favor of prohibition per se, they are very willing to stand for anything that promises relief from a condition that has become intolerable.

If, a few years ago, Theodore A. Bell could have raised the wet issue and fought it to a finish, he would have been elected by a mighty majority, but that time is past, as he is sadly to learn as his campaign progresses. He could have urged no issue that would have elected him under the present unfortunate circumstances, but when he chose to stand on the wet platform he nailed his flag to a sinking masthead.

It does not require much of a prophet to guarantee that Governor Stephens will be elected, for among all the signs of the times there is none that points in any other direction.

## Stand By the War

(Extract from address by Will H. Hays, Chairman Republican National Committee)

The Republican party says—STAND BY THE WAR. This includes more. It includes, Stand by the President; it includes stand by every public official, high or low, measured by the thoroughness with which that public official stands by the war; it includes stand by the government; stand by this country; stand by our allies, every one; stand against our enemies in this war, every one; stand by our soldiers in France and the soldiers of our allies; stand by every effort for WAR SAVING and WAR GIVING in this country; stand for the Fourth Liberty Loan and every other war effort; stand for the cause for which we fight; stand by the "irreducible minimum" of peace terms so splendidly enunciated by Senator Lodge; stand by the war aims of this country to vindicate American rights, interests and honor and to forever end Prussianism in the world and the oppression which it typifies, and to make certain forever the inability of militarism, Prussian or otherwise, to disturb again the peace of the world; stand irrevocably for a peace with victory only and against a peace based on a compromise of principles which would make a sacrifice of our sacrifice to be made again by our grandchildren; stand for the preparation now of a sound and proper foundation for a policy of reconstruction after the war which will fulfill the economic needs and realize the spiritual ideals of our people, that the greatest good may come also to our own country from, and after, our supreme sacrifice.

All this we say—STAND BY THE WAR—and for this purpose we dedicate the last of our blood and of our treasure.

## ALL CHRISTMAS GIFTS FOR OVERSEAS SOLDIERS MUST GO THROUGH RED CROSS

Army and Postal Departments Have Placed Duty of This Important Work on Great Organization—One Gift Only for Each Man Is Ruling

### FACTS ON CHRISTMAS GIFT SENDING TO THE MEN OVERSEAS

One Christmas box may be sent to each soldier.

This may be sent by relative or friend receiving the official Christmas label from the soldier overseas.

Gifts must be packed in the official Red Cross carton which will be distributed by the local branch.

Box must be inspected by Red Cross and delivered by them to the postal authorities.

These regulations apply to the marines, whose address is American expeditionary forces. For all other marines and sailors, senders must be governed by navy regulations which are printed below.

Because of the lack of shipping space and because Uncle Sam wants every one of his fighting boys in France to have a Christmas box, the war and postoffice departments have placed upon the Red Cross the great trust of educating the public in the proper method of preparing and sending parcels to men overseas.

### Method Procedure

At this time the Red Cross is distributing the official Christmas parcel label to the men overseas. These labels they are instructed to send to a relative or friend at home and should reach here by November 1. Only a person holding one of these labels may obtain the official carton for sending gifts and the box on which the label is placed is the only Christmas box which the authorities will accept for shipment. The labels have been first distributed to the men overseas in order to avoid duplication and to assure correctness of address.

When the relative or friend receives the Christmas parcel label, it should be presented at the nearest chapter, branch or auxiliary headquarters where the holder will receive a carton. These cartons, 3x4x9 inches, when packed and ready for shipment, must be presented at Red Cross headquarters, where the contents will be examined according to army and postal department rulings and will weigh it to make sure that it does not exceed 2 pounds and 15 ounces unwrapped. The sender will then affix the postage sufficient to carry it to Hoboken, N. J. Parcels ready for mailing shall remain in the custody of the Red Cross until delivered to the postoffice authorities.

The latest mailing date is November 20. Postoffice authorities will not receive parcels after that date. This ruling is positive.

### What Not to Send

The following articles are barred by postoffice regulations: All spirituous, vinous, malted, fermented or other intoxicating liquors. All kinds of poison and all articles and compositions containing poison. Explosives of all kinds. Inflammable materials, including

### friction matches.

Infernal machines and mechanical, chemical or other devices of compositions which may ignite or explode.

Liquids or liquefiable articles, fragile articles and other admissible matter when not packed in accordance with the requirements of the postal laws and regulations.

All other articles which may kill, or in any wise hurt, harm or injure another, or damage or deface or otherwise injure the mails or other property.

### Facts to Remember

Put in nothing that will not keep fresh from the time of packing until Christmas. Dried fruits and other food products should be packed in small tin or wooden boxes, one-quarter to one-half pound size.

Hard candy, including chocolate, safe in tin foil or heavy cardboard, but no soft chocolates nor anything that will crush. No liquids or articles packed in glass.

Parcels sent by parcel post must be enclosed in substantial boxes with hinged or screw top covers to facilitate opening and inspecting.

Boxes sent by express limited to 20 pounds, not more than 2 cubic feet in volume, be of wood, well strapped with hinged or screw tops.

All packages must be marked with name and address of sender, with words "Christmas Box," and must be forwarded in care of Supply Officer, Fleet Supply Base, 23d Street and 3d Avenue, South Brooklyn, New York.

Red Cross has nothing to do with sending these packages. This parcel plan does not include our soldiers and sailors anywhere in the United States. Neither do the overseas regulations apply to nurses, as special arrangements are being made over there.

Save This Information  
All persons likely to receive one of the Christmas Parcel Labels from overseas should cut out and save this information for future reference.  
—W. S. S.—

## ALASKA

Interesting Subject Yesterday  
of the First Baptist Mis-  
sionary Society

A most helpful and pleasant missionary meeting was enjoyed by the ladies of the First Baptist church yesterday afternoon at the home of the pastor, Dr. Davies, and wife on North Broadway. About fifty were present. Mrs. Hosen led the devotional exercises. Mrs. Wells offered prayer.

The treasurer's report showed the financial affairs of this society to be in good shape, it having already met three-fourths of the next quarterly apportionment. The society is purchasing a Fourth Liberty Loan Bond, having \$21.60 now in a fund for this purpose.

The subject for this meeting was "Alaska," the Marchie Hines Chapter having charge. Mrs. C. W. Brakeman was key woman, and others assisting were Mrs. Holmes, president, Mrs. Davies, Mrs. Robinson and Mrs. Harris.

Miss Dorothy Nichols of Chicago gave a very interesting talk of her personal experience while attending a sectarian school.

—O—

## The Woman's Club

The meeting Tuesday afternoon was devoted to business, conversation and a magazine program. Mrs. R. Ruth Tiffany, president.

Mrs. I. D. Annis read from the Literary Digest "The New Way for Women to Help the Wounded, Called Occupational Therapy." She also read some good short stories as told to the soldiers, by Elsie Janis.

Mrs. P. L. Tople read entertainingly an article from the Literary Digest about the "High Cost of War Charity." Discussion of the readings followed.

Current events were given in response to roll call.

—O—

## Entertains Sewing Club

Mrs. Lester L. Carden was hostess on Tuesday afternoon to the Sewing Club of which she is a member and a very pleasant period was passed with social chat and fancy work. The home was bright with lovely dahlias, the regal autumn blossom, now in the zenith of their beauty.

Before the members departed, they were served with delectable refreshments, those participating in Mrs. Carden's hospitality being Meses H. E. W. Barnes, Jr., and Mrs. Carl Sinke, of Anaheim; Meses Cecil Dubois, Hugh Plumb, Erma Scholes, R. C. Peterson and Victor Hawk and Miss Marvel Baker.

## MISSION MEETING

First Methodist Women Raise

\$1600 For Year's Work,

Have Good Program

The foreign Missionary auxiliary of the First Methodist church has had a great year financially, more than \$1600 being raised for missions at the monthly meeting held Wednesday.

Mrs. Edward Lee had the devotionals and gave a resume of the year's jubilee work.

Mrs. Jesse Albright very beautifully sang the solo, "The Earth Is the Lord's," by Frank Lynes, Mrs. Snow being accompanist.

The new officers for the Standard Bearers are Mrs. Lamb and Mrs. Freeman, and for the King's Heralds, Mrs. McLaughlin and Miss Doris Wells.

The president, Mrs. Horton Palmer and Mrs. Brandegee gave a synopsis of the first chapter of the new study book, "Women Workers of the Orient."

The auxiliary meetings are of great interest and new members and visitors are always welcome.

—O—

## Book Club Meeting

The Book Club met Tuesday evening at the Tedford home. Mr. Nealey was elected president for the coming year, Mrs. Tedford vice-president. Dr. J. L. Stephenson gave a comprehensive review of Wells' "In the Fourth Year." The book is a discussion of the many problems which will have to be met by the peace congress.

At the next meeting of the club, Miss McFadden will talk on some of the recent books that everyone should know.

—O—

## Red Cross Menu

## Mysterious Pains and Aches

Make Life Hard to Bear For Many Santa Ana Women

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Santa Ana case:

Mrs. H. A. Moesser, 910 West First St., says: "My kidneys were out of order and I suffered from backache. There was a dull ache in the small of my back and my kidneys acted irregularly, causing me much annoyance. My feet became swollen, too. I heard about Doan's Kidney Pills and bought some at the White Cross Drug Co. They removed the pains and greatly helped the other symptoms."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moesser had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

## WED IN WHITTIER

Genial Asst. Dist. Attorney

Menton Marries Miss Helena

Browning Tuesday

A wedding of interest to many friends of the principals was solemnized on Tuesday, when Miss Helena F. Browning of Los Angeles and William F. Menton of this city were wedded at the home of the bride's sister, Mrs. Robert Burns McAlpine, herself a recent bride.

The bride is well known here, where she has had many classes in dancing, while the groom is the genial deputy district attorney and well known Elk.

After a brief wedding trip, Mr. and Mrs. Menton will make their home here.

—W. S. S.—

## NEWS IN BRIEF FORM

Miss Ruth Stewart is the possessor of a pair of unique vases, fashioned of two large shells by Sam Burke, who is now in France with the Grizzlies. On one vase is beautifully carved the words, "Camp Kearney" and upon the other a perfect rose and "144 D."

The handsome souvenirs were made by Sammy while he was at Camp Kearney and they are on display at the Dragon.

—O—

## R. I. Crane of Santa Ana is visiting

in San Diego. Accompanying to Crane, while visiting at Camp Kearney is stopped temporarily due to the quarantine order inaugurated as a safeguard against the invasion of influenza, the army and navy birdmen are still maneuvering over San Diego, a collision between two planes in a practice bomb formation and the appearance of over thirty aeroplanes at one time in the air being included on the aviation program on the day he was there.

## PERSONAL MENTION

Charles F. Hell was a morning passenger over the Pacific Electric.

Mr. and Mrs. W. J. Leiser and Mr. and Mrs. Henry Yount have returned from a pleasant ten-day trip to San Diego.

Dr. J. I. Clark and wife have gone into the mountains for a few days' rest.

—W. S. S.—

## PRACTICE GAME IS

LOST BY POLY SQUAD

Twenty-two men tried out at Poly high yesterday in the practice football game with Whittier State school, the locals losing by a score of 39 to 0. The game was held for the purpose of picking a team to go to Bakerville, the game to be played at that place on Saturday.

In spite of the fact that Whittier has been playing for about seven weeks and has had eight games during that time, the Polys made a fine showing. Several "black clouds" stood in the way, as Lynn Crawford put it.

The team will leave here tomorrow at noon and the boys are taking with them a determination to win.

—W. S. S.—

## MAX GREEN SELLING OUT

Max Green, proprietor of Green's department store, 215 East Fourth street, is selling out his entire stock of merchandise in order to be ready to answer Uncle Sam's call for military service.

Mr. Green has sharply cut prices on everything in his store and expects the unusual values to clear things out in a hurry.

Those who believe in economizing might do well to drop into Mr. Green's store and see the many bargains offered.

—Adv.—

## W. M. TUMEY, YOUR WIFE

IS HERE FROM TEXAS

Mrs. W. M. Tumey and baby have just arrived here from their home in Texas, it having been arranged that she was to be met by her husband, who is working on a walnut ranch within a few miles of here. The couple did not meet as they had planned, and today the Register was asked to help bring them together. Mrs. Tumey had not been informed as to the location of the ranch where her husband is employed and hence was helpless in trying to get into communication with him. Mrs. Tumey is now at the Arlington rooming house.

## Adler-i-ka

Again!

"Adler-i-ka is the only medicine for gas on the stomach. I never had so much relief with any medicine. I would not take \$25.00 for the relief one bottle of Adler-i-ka gave me. I cannot get over recommending it."

(Signed) H. L. Hicks, Ashley, Ill.

Adler-i-ka expels ALL gas and sourness, stopping stomach distress INSTANTLY. Empties BOTH upper and lower bowel, flushing ENTIRE alimentary canal. Removes ALL foul matter which poisons system. Often CURES constipation. Prevents appendicitis. We have sold Adler-i-ka many years. It is a mixture of buckthorn, cascara, glycerine and nine other simple drugs. Rowley Drug Co.—Adv.

—O—

## BELIEVES FIRE SET

WITH INTENTION TO

BURN OFF PASTURE

That an effort was made by an incendiary to burn off the O'Neil pasture from Lucas canyon to the sea is the conviction of Forest Ranger J. B. Stephenson of El Toro, who has returned from the scene of the fire.

The fire was started last Saturday. At the time there was a dry wind, which appeared to be the start of a norther. Had the dry wind continued, the fire might have swept thousands of acres of pasture land. As it was, a stiff fight by fire fighters prevented the fire from burning over more than 200 acres.

"The fire started in Lucas canyon at the line between the federal forest and the O'Neil ranch," said the forest ranger. "I am satisfied that it was set out with malicious intent."

—W. S. S.—

## YOUNG JAPANESE

WOMAN A SUICIDE

Through despondency brought on by long-continued ill health, Chie Nishioka, 24-year-old wife of Sansohu Nishioka of Garden Grove, killed herself last night by slashing her throat with a razor. She left her home last evening and her husband notified neighbors and started a search for her when she failed to return. The body was found near midnight in the yard of a Japanese neighbor. She was lying on her back with the razor, with which she had taken from her home, clutched in her right hand. The razor, her clothing and the ground about was covered with blood.

An inquest was held this morning at which a verdict of suicide was returned.

Funeral services will be held at the Mills & Winbiger Mission funeral home tomorrow, Friday, October 18, at 1 o'clock. Cremation at Evergreen cemetery, Los Angeles, will follow.

—W. S. S.—

## MASONIC NOTICE

# ENTERTAINMENT FOR FUND FOR ORPHANS BEYOND SEAS

In presenting the Gray-Lhevinne entertainment Friday evening at the high school auditorium the French Orphan committee affords an opportunity for the music-loving public to assist the Girls' Glee Club of the high school in its efforts to support for another year Madeleine Dubray of Louilly, France. Madeleine was adopted last November by the glee club of the music department. Her gratitude for the assistance given her last year is expressed in one of her letters recently received by Miss Ely. A translation of this letter may be of interest to those who are desirous of helping the fatherless children of France:

"Louilly, France,  
"July 15, 1918.  
"Mademoiselle: My mother and I thank you from the bottom of our hearts for the money order which I received the last of June. If I have not written sooner it is because the photograph which I had taken for you came only yesterday. I assure you that the money is a great help to us and will be spent for things very greatly needed.  
"My poor father died in Germany in 1915. I have a little sister and a brother, who is in the next draft. My

mother works hard trying to raise us as our father would have wished.  
"There are now in our country American soldiers who are fighting those barbarous boches. They are very brave and we hope the end is near, for life during the past four years of war has been very hard for us, and the number of deaths is daily increasing.  
"I am enclosing my picture and I should be very glad to receive yours.  
"Very gratefully yours,  
"MADELEINE DUBRAY."

**Are Real Artists**  
The Gray-Lhevinnes are two artists young in years but with a unique place in the hearts of the American public from coast to coast.

Many artists thrill their hearers with their supreme art but the Gray-Lhevinnes do more; they win the hearts and love of their hearers.

Estelle Gray is called upon two continents "the Violiniste of Inspiration" and her tone drawn from an old Cremona violin made in 1715 is warm and mellow. Also the way she has of telling "human bits" either anecdotes, stories or historical facts is so informal that one feels as if they were having a cosy home evening of the best music.

Lhevinne's original songs have won enthusiastic admirers in every state of the Union and folks are always delighted to have the composer and his charming wife interpret the melodies he has written.

—W. S. S.—  
Wallace Gregg, secretary and manager of the Whittier Walnut Growers' Association, says that the walnut crop in the Whittier district will reach about 1000 tons. Despite the hot spells in June and August, the walnuts came through undamaged.

## GRIZZLIES WERE NOT IN ACTION ON 18TH OF SEPTEMBER

The Grizzlies hadn't gotten into action on September 18, according to a letter written on that date by Corporal Alfred B. Clary to relatives here, although it has been reported within the last week that the boys were on the battle front.

Like all the Yanks who have been over there, Clary is impressed with the medieval methods employed in that country in farming operations.

"It has been a month since we arrived here and we received our first mail today," he writes from "Somewhere in France." "Gee, but it is good to hear from home. Everything is green and pretty here where we are. Sure wish I could tell you more than I can. We have an awful time trying to talk to these people. Everyone carries his little book, and even then we have to resort to our hands and feet. We make them understand some way.

"I think we leave this place Saturday, but where to, no one knows. Things are so different here. They work the cows and donkeys together in plowing. The vehicles are carts—no four-wheeled wagons. The place where we are staying is owned by an American woman. I saw a mule team last night hitched with a yoke like oxen. Sure some sights to be seen here. We don't get to see much, and God only knows what is to be seen if one could get out and see everything.

"The people here sure know how to charge for things. It is something fierce. The kids are the worst lot of beggars on earth. I think it is second nature for them. The women here work just the same as the men, if not more. The wooden shoes are fierce looking things. Stockings are not worn with them. Their feet surely must be tough. They are a pleasant lot of people, but have that far-away look in their eyes. And no wonder, from what they have gone through with.

"We haven't been paid for almost two months, as we have been moving so much. Hope we get it soon. Tobacco is as scarce as hen's-teeth with us. We have been getting an issue, but that has stopped for some cause. "We haven't done much of anything except wash since we came across. A washboard is an unknown article in this country. Everyone goes down to the creek and washes his clothes on the rocks.  
"Write often and tell us the Santa Ana news, as a letter from home is a much-envied prize over here."  
His address is Corp. Alfred B. Clary, Bat. E, 144th Field Artillery, American E. F., via New York.

—W. S. S.—  
John Wesley Hancock, Optometrist, near P. O., holds record of highest grades ever made in California.  
—W. S. S.—

# HE CAME OUT OF THE JAWS OF DEATH

## ALFRED G. ANDERSON Has Just Returned From the Heart of Germany Bringing With Him Many Photographs Showing Actual Scenes and Conditions

Passed By the U. S. Government

Alfred G. Anderson was sent abroad by the Examiner and the other Hearst newspapers to study and to report on actual conditions in Germany.

He has just returned, bringing with him photographs of the scenes and conditions he witnessed.

He was in peril of his life, for he knew he would be shot as a spy if his identity was discovered.

He was searched by Prussian officers. He says: "My knees shook. I was covered with perspiration; one misstep and I would have met death."

He saw the crippled men and the hungry women and children of Germany.

He brought back with him bills of fare from German restaurants, ration cards, etc.

Anderson was in Berlin. His articles tell what the German people really think of the war. They tell of the military, industrial and economic conditions that exist in Germany now.

These articles are certain to arouse tremendous interest and unless you order YOUR paper in advance you will probably be unable to buy a copy.

The Examiner delivered to your door for 85c a month.

These startling exposures will begin next Sunday, Oct. 20, in the Los Angeles Examiner and will appear in no other Los Angeles daily. Order your copy now from

**W. F. MACKKEY, 415 N. Main Street**

## Court House News

### DISCRIMINATION IS ALLEGED, RESULT OF SHORT WEIGHT CASE

When J. N. Crawford, fruit peddler, informed George McPhee, county sealer of weights and measures, that S. Nose had sold him short weight cabbage something was started that may end in drastic orders being given to a number of produce dealers who seem to have taken sides against Crawford and who have shown their feelings by refusing to sell vegetables to him.

Nose is a Japanese who has been in the wholesale produce business quite awhile. He is one of several men who bring fruits, berries and vegetables into Santa Ana and sell to peddlers and retail stores. A few mornings ago the county sealer was informed by Crawford and one or two other peddlers that Nose's scales were not on the square. McPhee went to the place, and found Nose's scales on the sidewalk. On test, he found that the scales went twelve pounds short where it indicated fifty pounds. That is, were a man to bargain for fifty pounds of a product he would get thirty-eight.

McPhee confiscated the scales, and Nose was arrested. Nose pleaded not guilty to short weighting, and Justice Cox set the case for October 21.

Today Crawford reported to McPhee that because Crawford reported Nose for similar acts in the past, three or four of the produce dealers refused to sell produce to Crawford.

"I expect to take the matter up with the city trustees," said McPhee today. "I do not believe that Santa Ana is going to stand for a boycott deal of that sort."

—W. S. S.—  
**COUGHED SO HE COULDN'T SLEEP**  
"Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and weaken one so that the system is run-down, and serious sickness may result. Enos Halbert, Paoli, Ind., writes: "I had a severe cold this fall and coughed continually at night; could hardly sleep. The first bottle of Foley's Honey and Tar relieved me, entirely curing my cough." It covers irritated membranes with a healing and soothing coating, loosens phlegm and clears air passages. Rowley Drug Co.—Advertisement.

### RECEIVER NAMED TO CLOSE UP THE MINE

Stockholders in a mine who became dissatisfied with the manager, A. A. Slaback, have succeeded in their move to have the mine placed in the hands of a receiver that its affairs may be wound up. The mine is "up north" in this state. Local stockholders who brought the action declared that Slaback bought a lot of useless machinery and failed to develop the property. Among the stockholders are J. B. Hayton, H. F. Towner, Dell Hartley, Mrs. William Duncan, W. J. Downs, D. W. and J. T. Kaiser, J. B. Stalker, F. B. Dale, A. W. Hughes, R. M. Lannar, Ben Patton and W. F. Heathman. Judge Thomas has appointed J. E. Wilson as receiver in the case.

—W. S. S.—  
**ACTION FOR PARTITION**  
Suit for partition of property in the Walgrove tract, Fullerton, has been brought by J. W. Newell and W. A. Holtby against Mary R. Balcom and others. Newell asserts a five-twelfths interest and Holtby a one-sixth. Walter Eden is attorney for the plaintiffs. This action takes the place of an action for accounting dismissed a few days ago.

### NO ENCOURAGEMENT IS GIVEN FOR PROBATION

When Percy Woolsey of La Habra was up before Judge West today for a hearing on his plea for probation, he got little encouragement. He was told that when he got in trouble several years ago a large number of the good people of La Habra asked for probation for him.

"This time," said Judge West, "they speak by their absence, and I am not going to give probation unless you can make a showing that is different from the one you have made." On Woolsey's request the matter was continued to November 7. Woolsey pleaded guilty to embezzlement from the La Habra Citrus Association.

—W. S. S.—  
**COURTHOUSE NOTES**  
The trial of the action of Peterkin vs. Randolph Marketing Company is set for November 19.

The Wayne Oil Tank and Pump Company has brought suit against L. E. Smith, alleging that Smith has not paid \$385.10 due for a pump and tank.

—W. S. S.—  
W. A. Hall has been appointed a deputy sheriff. He is employed by the San Joaquin Fruit Company.  
The Orange County Trust and Savings Bank has brought suit against K. Shimokawa to collect \$1607.41 due on notes. Clyde Bishop is attorney for the plaintiff.

## BOARD OF HEALTH REQUESTED TO INVESTIGATE SITUATION

Chamber of Commerce Asks For Special Investigation on 'Flu' Situation

At the request of people who believe the city should be closed up as a measure in prevention of the spread of the influenza epidemic, the directors of the Chamber of Commerce last night requested the city board of health to make a thorough investigation of the situation and take such action as may be deemed to be the best interest of the city. General opinion is pretty evenly divided on the question of closing the city schools because of the epidemic, which has the United States in its grip. There are those who believe that the children of the city would be more exposed if schools are closed and they are permitted to play with neighboring children or to run the streets than they would be in a well ventilated school room.

Others hold the opposite view and believe schools, theaters and churches should be closed and public gatherings prohibited.

The board of health is composed of Walter Eden, chairman; Joe Backs, S. M. Davis, M. R. Heninger and Dr. H. E. W. Barnes. The action of the directors was reported to the board today.

For Returning Soldiers  
The Chamber has started a movement that has as its object the providing of employment for boys now in the army upon their return home. The president was authorized to appoint a strong committee to work out details of plans for taking care of the situation when it develops, and to be prepared to secure a position for soldiers in case assistance is needed in finding employment. President McFadden will take his time in selecting the committee, as it will be an important one, and one that will require much attention.

Contribute to Publicity Fund  
The local organization will contribute \$12.50 per month to the publicity bureau of the Los Angeles Chamber of Commerce, the money to go into a fund used for the securing of feature stories for publication in papers throughout the United States. The stories are in the nature of write-ups, with views from the Southland, and refer only to Southern California, making no reference to any particular section.

Oppose Health Insurance  
The Chamber went on record as opposing single tax and health insurance, amendments for which are to be voted on at the election next month.

Free Slide  
The offer of L. A. Schlesinger to run slides at his playhouses advertising the exhibit at the Chamber of Commerce was accepted, the publicity to be without cost to the Chamber.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can get what you like. At 10c and 25c per box. All druggists.

## Quality Eatables

The best is the cheapest in the long run.

Every particle of a good article of food is consumed with relish, while a portion of an inferior quality is often wasted.

We carry a large variety of fancy groceries in addition to the best staples.

## MAN REPORTED MISSING, IS IN HOSPITAL IN FRANCE

Y. M. C. A. Secretary Advises Mother That Her Boy Is All Right

Robert M. Crawford, of this city, who was officially reported missing in action in a government telegram to his mother, Mrs. Wm. H. Crawford, and received here a few days ago, is in a hospital in France.

This word comes to the mother in a letter from a Y. M. C. A. secretary. Crawford went from here to Camp Lewis in the contingent leaving on October 3 last, and later was transferred to Camp Kearny, and departed overseas on June 13.

The nature of the injuries is not disclosed by the secretary, but assurance is given Mrs. Crawford that he is well taken care of and that he is all right. The fact that the character of his wounds is not given is taken as an indication that they are serious and he caused the secretary to write in the most favorable way so as not to alarm his relatives.

Every mother and father who have a son in war will fully appreciate the activities of the Y. M. C. A. when they read the letter sent to Mrs. Crawford. It is an evidence of the interest of the secretaries in the wounded man and his relatives, and their promptness in advising relatives of injuries sustained often is received in advance of official notice from the government.

Crawford was reported missing in action on September 13, and the official notice arrived here a month later. The letter from the nurse is dated September 15, two days after he was supposed to have been blown to pieces or fell a prisoner to the Germans.

Crawford was first assigned over there to 4th Co., Infantry Tr. Reg., and later was assigned to Co. D, 104th Infantry, and was with this unit when it went into action.

The letter from the Y. M. C. A. secretary follows:

"September 15, 1918.

"My dear Mrs. Crawford: I have had a nice long talk with your dear son. He asked me to write you a letter and tell you he is all right and doing his bit. He has been at the front and is back for a rest. He looks fine and sends love and kisses. He will write later. Please write to him often for letters from a mother mean a lot to our dear boys. They are all doing sweet, wonderful work. You must be so proud to have a son like him. Now don't worry, for he is all right. I hope you are well, my dear Mrs. Crawford. Keep the home fires burning for him.

"Very truly,  
"MRS.) NETTIE WHITING,  
"Y. M. C. A. Secretary, American E. F.,  
"P. O. 706, France."

—W. S. S.

## 'KLAMATH FINISH' MAY BRING HONOR CITY, COUNTY

Santa Ana and Orange county are coming strong—coming with a "Klamath" finish down the home stretch in the Liberty Loan drive. And how many know what a Klamath finish is? Old-timers know. In latter days of horse racing in Santa Ana Klamath was one of the speediest horses in the United States and his home was in Santa Ana. The longer he went the faster he went. He seldom led to the half or three-quarter-mile posts, but he usually came under the wire first. His finishes in races were always a sensation.

If Santa Ana and Orange county keep up the Klamath gait, they will get a look-in at the naming of a tank or a battleship. The quota goal is now within sight of both. A big over-subscription and the city or county will have the honor of naming either a ship or a tank. The ships are named by cities and the tanks by counties. Here is the full list of the proposition:

TEN SHIPS, TEN TANKS

The privilege of naming ten ships built under the supervision of the U. S. Shipping Board and the selection of their sponsors; the naming of ten fighting tanks to be used on the western front and the selection of sponsors for them, has been accorded to the Twelfth Federal Reserve District. The honor of naming the ships and the selection of their sponsors will be awarded to the ten cities and the naming of the tanks and their sponsors to the ten counties in the district making the best over-subscription records in the Fourth Liberty Loan Campaign opening September 28 and closing October 19.

The rules of the contests are designed to insure to every city and county in the Twelfth District an opportunity to strive on a fair competitive basis for these distinctive honors. For the purposes of the competition the cities of the Twelfth District have been divided into five classes, the federal census of 1910 being employed for such classification as follows:

Class A—Cities of more than 250,000 population, one ship.

Class B—Cities of more than 150,000 and less than 250,000, one ship.

Class C—Cities of more than 50,000 and less than 150,000, one ship.

Class D—Cities of more than 25,000 and less than 50,000, two ships.

Class E—Cities of more than 10,000 and less than 25,000, five ships.

By the foregoing method the cities of the Twelfth District fall into the following classes:

Class A—Los Angeles, San Francisco.

Class B—Portland, Oakland, Seattle.

Class C—Honolulu, Spokane, Salt Lake, Tacoma.

Class D—Berkeley, Sacramento, San Jose, San Diego, Pasadena, Ogden.

Class E—Phoenix, Alameda, Riverside, Redlands, Boise, Aberdeen, Pakersfield, Fresno, Eureka, Santa Cruz, Pomona, Long Beach, Salem, Bellingham, Stockton, Vallejo, San Bernardino, Santa Barbara, Everett, Yakima, Walla Walla.

The award of the ships in the several classes will be to the city or cities making the largest over-subscription in the state or territory, returning the largest number of over-subscription counties, 1. Total, 10 tanks.

nounced and approved by the General Executive Board.

The naming of the tanks and the selection of their sponsors will be awarded to the ten counties making the largest over-subscription of their official loan quotas, and in which there are no cities eligible to compete in the ship naming contests.

Tank Divisions

To insure the representation of each of the Twelfth District states and territories by a fighting tank on the western front, the competition between counties will be by states and territories; that is, one tank will be awarded to the county making the best over-subscription record in the jurisdiction of each state and territorial Central Liberty Loan Committee and one tank will be awarded to the second highest county in the state or territory showing the largest number of over-subscription counties as follows:

Alaska, 1 tank; Northern California, 1; Southern California, 1; Hawaii, 1; Idaho, 1; Nevada, 1; Oregon, 1; Utah, 1; Washington, 1; to the second highest county in the state or territory, returning the largest number of over-subscription counties, 1. Total, 10 tanks.

Ships must be named after cities and tanks after counties or communities. Under no circumstances may a ship or tank be named after an individual or organization. Wherever possible or feasible the names of ships and tanks will include the word "Liberty."

Awards will not be made until after the close of the campaign on October 19. Only subscriptions actually turned into the Federal Reserve Bank will be considered in making awards.

The privilege of naming the ships is accorded the General Publicity Committee by Mrs. Woodrow Wilson and of naming the tanks to the same committee by the War Department, and while it is expected that the contests will be promoted and conducted by publicity committees the awards will be made by the General Executive Board.

Until the contests are decided, it will be impossible to state what ships or tanks are to be named. The ships and tanks which are ready for delivery when the winners of the contests are announced will be assigned for christening without delay.

The selection of sponsors for ships and tanks will be made by the successful communities by whatever method seems to their committees best applicable to local conditions.

Contests for these honors may be opened to all persons except members of families of Liberty Loan executives.

W. S. S.  
HERE GOES: DO YOUR XMAS SHOPPING EARLY

SAN FRANCISCO, Oct. 16.—Once a year somebody has to break the ice. Here goes:

Do your Christmas shopping early. That is, if you are going to do any at all. But the order this year is from Uncle Sam, according to E. L. Howe, secretary and treasurer of the National Retail Dry Goods Merchants, who declares such a request has been issued by the National Council of Defense.

According to Mr. Howe, merchants the country over have agreed to launch their sales at least three months ahead of the Christmas holidays; not to increase their sales force to handle the Christmas trade; urge customers to give useful presents; urge customers to carry their packages with them and thus relieve the customary strain of delivery; and that all Christmas packages sent by mail and freight be started on their way before November 30.

We specialize on watch and clock repairing.

# The BUCKHECHT Army Shoe

IT is eminently fitting that this store should be selected as the home of the BUCKHECHT Army Shoe in this city. To those of you who have heard of the BUCKHECHT Army Shoe, the significance of this announcement is at once apparent. But—

To those of you who have not kept pace with the tremendous success of this famous Munson last shoe—we have this to say:

This shoe is an Army Shoe, not only in name but in *actual wear and service*. To be sure—it is made on the Munson last, exactly as specified by the U. S. Army. From start to finish the BUCKHECHT Army Shoe receives the care that, ordinarily, is given only to high-grade custom footwear.

It is, indeed, a practical day-in-and-day-out shoe for men in *all* walks of life—so

much so that more than one-quarter million men in *civil* life (as well as some 400,000 soldiers) have found the BUCKHECHT Army Shoe exactly to their liking.

Business men, outdoor workers, miners, farmers, mechanics, sportsmen, etc.—all have come to accept this shoe as the first and last word in shoe-comfort.

And now that we have arranged to carry the BUCKHECHT Army Shoe—you need no longer deprive yourself of the lasting comfort, the velvety feel and the wear-resisting qualities that this shoe alone can give you.

Come in today and say "Hello!" to comfort and "Good-bye" to cramped toes, crowded feet and the other foot troubles that mar your comfort and your peace of mind. In a word, say BUCKHECHT!

LATEST WORD ON SUBJECT.

Epidemic Probably Not Spanish in Origin—Germ Still Unknown—People Should Guard Against "Droplet Infection"—Surgeon General Blue Makes Authoritative Statement.

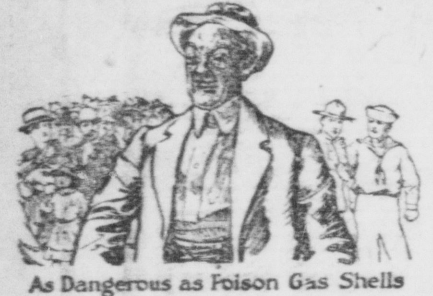

Washington, D. C.—(Special).—Although King Alfonso of Spain was one of the victims of the influenza epidemic in 1893 and again this summer, Spanish authorities repudiate any claim to influenza as a "Spanish" disease. If the people of this country do not take care the epidemic will become so widespread throughout the United States that soon we shall hear the disease called "American" influenza.

In response to a request for definite information concerning Spanish influenza, Surgeon General Rupert Blue of the U. S. Public Health Service has authorized the following official interview:

What is Spanish Influenza? Is it something new? Does it come from Spain?

"The disease now occurring in this country and called 'Spanish Influenza' resembles a very contagious kind of 'cold,' accompanied by fever, pains

Coughs and Sneezes  
Spread Diseases

in the head, eyes, ears, back or other parts of the body and a feeling of severe sickness. In most of the cases the symptoms disappear after three or four days, the patient then rapidly recovering. Some of the patients, however, develop pneumonia, or inflammation of the ear, or meningitis, and many of these complicated cases die. Whether this so-called 'Spanish' influenza is identical with the epidemics of influenza of earlier years is not yet known.

"Epidemics of influenza have visited this country since 1647. It is interesting to know that this first epidemic was brought here from Valencia, Spain. Since that time there have been numerous epidemics of the disease. In 1889 and 1890 an epidemic of influenza, starting somewhere in the Orient, spread first to Russia and thence over practically the entire civilized world. Three years later there was another flare-up of the disease. Both times the epidemic spread widely over the United States.

"Although the present epidemic is called 'Spanish influenza,' there is no reason to believe that it originated in Spain. Some writers who have studied the question believe that the epidemic came from the Orient and they call attention to the fact that the Germans mention the disease as occurring along the eastern front in the summer and fall of 1917."

How can "Spanish influenza" be recognized?

"There is as yet no certain way in which a single case of 'Spanish influenza' can be recognized. On the other hand, recognition is easy where there is a group of cases. In contrast to the outbreaks of ordinary coughs and colds, which usually occur in the cold months, epidemics of influenza may occur at any season of the year. Thus the present epidemic raged most intensely in Europe in May, June and July. Moreover, in the case of ordinary colds, the general symptoms (fever, pain, depression) are by no means as severe or as sudden in their onset as they are in influenza. Finally, ordinary colds do not spread through the community so rapidly or so extensively as does influenza."

"In most cases a person takes sick with influenza feels sick rather suddenly. He feels weak, has pains in the eyes, ears, head or back, and may be sore all over. Many patients feel dizzy, some vomit. Most of the patients complain of feeling chilly, and with this comes a fever in which the temperature rises to 100 to 104. In most cases the pulse remains relatively slow.

"In appearance one is struck by the fact that the patient looks sick. His eyes and the inner side of his eyelids may be slightly 'bloodshot,' or 'congested,' as the doctors say. There may be running from the nose, or there may be some cough. These signs of a cold may not be marked; nevertheless the patient looks and feels very sick."

"In addition to the appearance and the symptoms as already described, examination of the patient's blood may aid the physician in recognizing 'Spanish influenza,' for it has been found

that in this disease the number of white corpuscles shows little or no increase above the normal. It is possible that the laboratory investigations now being made through the National Research Council and the United States Hygienic Laboratory will furnish a more certain way in which individual cases of this disease can be recognized."

What is the course of the disease? Do people die of it?

"Ordinarily, the fever lasts from three to four days and the patient recovers. But while the proportion of deaths in the present epidemic has generally been low, in some places the outbreak has been severe and deaths have been numerous. When death occurs it is usually the result of a complication."

What causes the disease and how is it spread?

"Bacteriologists who have studied influenza epidemics in the past have found in many of the cases a very small rod-shaped germ called, after its discoverer, Pfeiffer's bacillus. In other cases of apparently the same kind of disease there were found pneumococci, the germs of lobar pneumonia. Still others have been caused by streptococci, and by others germs with long names."

"No matter what particular kind of germ causes the epidemic, it is now believed that influenza is always spread from person to person, the germs being carried with the air along with the very small droplets of mucus, expelled by coughing or sneezing, forceful talking, and the like by one who already has the germs of the disease. They may also be carried about in the air in the form of dust coming from dried mucus, from coughing and sneezing, or from careless people who spit on the floor and on the sidewalk. As in most other catching diseases, a person who has only a mild attack of the disease himself may give a very severe attack to others."

What should be done by those who catch the disease?

"It is very important that every person who becomes sick with influenza should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room."

"If there is cough and sputum or running of the eyes and nose, care should be taken that all such discharges are collected on bits of gauze or rag or paper napkins and burned. If the patient complains of fever and headache, he should be given water to drink, a cold compress to the forehead and a light sponge. Only such medicine should be given as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called 'safe, sure and harmless' remedies advertised by patent medicine manufacturers."

"If the patient is so situated that he can be attended only by some one who must also look after others in the family, it is advisable that such attendant wear a wrapper, apron or gown over the ordinary house clothes while in the sick room and slip this off when leaving to look after the others."

"Nurses and attendants will do well to guard against breathing in dangerous disease germs by wearing a simple fold of gauze or mask while near the patient."

Will a person who has had influenza before catch the disease again?

"It is well known that an attack of measles or scarlet fever or smallpox usually protects a person against another attack of the same disease. This appears not to be true of 'Spanish influenza.' According to newspaper reports the King of Spain suffered an attack of influenza during the epidemic thirty years ago, and was again stricken during the recent outbreak in Spain."

How can one guard against influenza?

"In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed, and by eating sufficient wholesome and properly selected food. In connection with diet, it is well to remember that milk is one of the best all-around foods obtainable for adults as well as children. So far as a disease like influenza is concerned, health authorities everywhere recognize the very close relation between its spread and overcrowded homes. While it is not always possible, especially in times like the present, to avoid such overcrowding, people should consider the health danger and make every effort to reduce the home overcrowding to a minimum. The value of fresh air through open windows cannot be over emphasized."

"When crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person."

"It is especially important to beware of the person who coughs or sneezes without covering his mouth and nose. It also follows that one should keep out of crowds and stuffy places as much as possible, keep homes, offices and workshops well aired, spend some time out of doors each day, walk to work if at all practicable—in short, make every possible effort to breathe as much pure air as possible."

"In all health matters follow the advice of your doctor and obey the regulations of your local and state health officers."

"Cover up each cough and sneeze, if you don't you'll spread disease."

Coughs and Sneezes  
Spread Diseases

As Dangerous as Poison Gas Shells  
SPREAD OF SPANISH INFLUENZA  
MENACES OUR WAR PRODUCTION

U. S. Public Health Service Begins National-wide Health Campaign.

Washington, D. C.—In order to limit the spread of Spanish influenza and keep it from making still further inroads on the nation's war production the U. S. Public Health Service under authority of the resolution just passed by Congress appropriating \$1,000,000 to combat the disease has inaugurated a nation-wide campaign of public health education in co-operation with state and local health officers to teach the people of this country how to safeguard their health, keep themselves physically fit and so help maintain the high standard of war production attained within the last few months.

Secretary McAdoo, under whose direction the work of the U. S. Public Health Service is carried on, is taking an active interest in the health campaign. Despite the tremendous demands on his time because of the Fourth Liberty Loan and the work of the Railroad Administration, he has personally asked the help of the nation's newspapers in putting this important educational work before the people.

In response to a request for definite advice concerning Spanish influenza, Surgeon General Rupert Blue of the U. S. Public Health Service has authorized the following statement:

The disease now spreading over this country is highly catching and may invade your community and attack you and your family unless you are very careful.

Influenza is a crowd disease. Therefore keep out of crowds as much as possible.

Influenza probably spreads mostly by inhaling some of the tiny droplets of germ-laden mucus sprayed into the air when ignorant or careless persons sneeze or cough without using a handkerchief. Therefore cover up each cough and sneeze.

Influenza is probably spread also by the filthy habit of spitting on sidewalks, street cars and other public places. Therefore do not spit on the floor or sidewalk.

Influenza is probably spread also by the use of common drinking cups and the use of common towels in public places. Therefore shun the common drinking cup and the roller towel in public places.

If you feel sick and believe you have "Spanish" influenza, go to bed and send for the doctor. This is important. Don't get up too soon, your heart feels as tired as your legs and needs rest.

In all health matters follow your doctor's advice, and obey the regulations of your local and state health officers.

All that has been said above about "Spanish" influenza is true also of colds, bronchitis, pneumonia and tuberculosis. Do your part to keep them away.

NOTICE OF EXECUTRIX'S SALE OF INTEREST IN REAL ESTATE PURSUED BY DECEDENT UNDETERMINED CONTRACT.  
No. 36147

In the Superior Court of the State of California, in and for the County of Los Angeles.

In the matter of the estate of Frank J. Anderson (also known as F. J. Anderson), deceased.

Notice is hereby given that in pursuance to an Order duly made by said Court on the 7th day of October, 1918, in the matter of the estate of Frank J. Anderson (also known as F. J. Anderson), deceased, the undersigned executrix will sell at public auction to the highest bidder for cash in gold coin of the United States and subject to the confirmation of said Court, on the 2nd day of November, 1918, at the hour of 10 o'clock a. m. of said day at the south entrance to the Court House in the County of Orange, State of California, situate in the City of Santa Ana, County of Orange, State of California, all the right, title, interest and estate of said Frank J. Anderson (also known as F. J. Anderson) at the time of his death and all of the right, title and interest that the said estate has acquired by operation of law or otherwise other than or in addition to that of said deceased at the time of his death in and to that certain agreement for the purchase of Lot Thirty-six (36) Block F, Tract Number One (1) Seal Beach Court as per map recorded in Book 3, Page 1, Miscellaneous Maps in the office of the County Recorder of the County of Orange, State of California, which said agreement bears date of June 29, 1914, and was executed by and between F. J. Anderson and Minnie Anderson, his wife as Vendees and Guy M. Rush Company of Los Angeles, California as Vendor, the purchase price being in the sum of Nineteen Hundred and Seventy-five (\$1975.00) Dollars and upon which said purchase price there was on September 1st, 1918, a balance due of Two Hundred and Forty-two (\$242.00) Dollars payable in installments of Fifteen (\$15.00) Dollars per month on the 1st day of each and every month together with interest on the balance due on said purchase price at the rate of six (6%) per annum.

Together with all the right, title and interest and estate of said Frank J. Anderson (also known as F. J. Anderson) at the time of his death and all the right, title and interest that said estate has acquired by operation of law other than or in addition to that of said deceased at the time of his death in and to said Lot Thirty-six (36) Block F, Tract Number One (1) Seal Beach Court as per map recorded in Book 3, Page 1, Miscellaneous Maps in the office of the County Recorder of the County of Orange, State of California.

Subject to each and all of the conditions set forth in the aforesaid agreement of purchase and subject to a balance due on the 1st day of September, 1918, of Two Hundred Forty-two (\$242.00) Dollars and all City and County taxes which are now or may become hereafter chargeable to or a lien against said real property.

Terms and conditions of sale, cash in gold coin of the United States upon confirmation of sale by said Superior Court and the execution of a bond to said executrix for the benefit and indemnity of the executrix and of the persons entitled to the interest of decedent in said real property so contracted to be purchased, which said bond shall be double the whole amount of payments to become due on said agreement of purchase, with such sureties as said Court shall approve. Dated, October 8, 1918.

MINNIE ANDERSON, Executrix of the Last Will and Testament of Frank J. Anderson (also known as F. J. Anderson), Deceased. WALTER P. DUNN & JOHN P. DUNN, Attorneys for said Executrix, Suite 226 Stinson Bldg., Los Angeles, Cal.

# "Twice as much accomplished on washday"

—when you use a soap that does most of its work while you do something else.

That's what Fels-Naptha does.

Its perfect combination of soap and naptha cleans clothes even more thoroughly than back-breaking toil over the washboard and steamy boiler with ordinary soap.

You'll get more work done and done comfortably—when you wash the Fels-Naptha way. Try it for yourself next Monday.

FELS-NAPTHA

At your own grocer's in the red and green wrapper

Fels-Naptha keeps white clothes white

### The Choice of Those Who Know

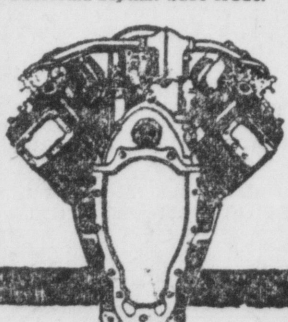

Manufacturers and leading motor car distributors recommend ZEROLENE. The majority of motorists use ZEROLENE. ZEROLENE reduces wear and gives more power because it keeps its lubricating body at cylinder heat. Gives less carbon because, being refined from selected California asphalt-base crude, it burns clean and goes out with exhaust.

ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

At dealers everywhere and Standard Oil Service Stations.

STANDARD OIL COMPANY (California)  
**ZEROLENE**  
The Standard Oil for Motor Cars

Correct Lubrication for the "V" Type Engine  
This, the "V" Type of automobile engine, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chamber and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

R. G. Cartwright, Special Agent, Standard Oil Co., Santa Ana.

## ARE YOU GOING TO MOVE?

If so, let us figure with you on doing your job. We Move Household Furniture Anywhere. Any Time, Any Distance.

## WESTMINSTER FOUR BLOWOUTS, ONE BROKEN SPRING, ON 4275-MILE TRIP HARPER CHICKEN VICTIMS BURIED TOGETHER

WESTMINSTER, Oct. 17.—Mr. and Mrs. J. J. Stoves and daughter, Miss Opal, who have been spending the summer visiting relatives in the state of Washington, arrived home about 5 p. m. Saturday. They went by machine and covered the distance of 4275 miles round trip with only four blowouts on the way up and a broken spring on the return trip. To avoid the worst part of the road home from Dunsmeur to Redding, a distance of 70 miles of muddy canyon road, they shipped the machine and went by rail. The next day twenty machines got stuck in traveling this canyon road.

While traveling through northern Oregon the other side of Roseburg, coming home, they met Mrs. Lena Patterson and son Earl on their way north, and stopped for a half hour's visit.

The most northern point reached during their trip was Titchuck, 70 miles from the Canadian line. Relatives were visited in Seattle, Tacoma and Eastern Washington. They returned by way of Portland.

They were transported seven different times by ferry boats during their trip and from San Francisco followed the coast route down. Altogether it was a delightful trip and Mr. and Mrs. Stoves are ready to take it all over again, but Miss Opal, while thoroughly enjoying the trip, is satisfied to remain at home for a change.

Schools Closed by Epidemic  
The school was closed this week on account of several cases of influenza. It was hoped to avoid the spread of this disease by this means. A meeting of the Farm Bureau which was to have been held Wednesday evening was postponed indefinitely for the same reason. The subject of "wire worms and how to get rid of them," will probably be taken up at a later date. This subject should prove of great interest to farmers of this section.

Albert Kettler spent Tuesday in Los Angeles on business.

Busy Threshing Beans  
W. D. Johnston is threshing beans this week on the eighty acres south and west of the boulevard.

W. J. Edwards is threshing beans on his ranch west of town. He is using his tractor with Phil McClintock's thresher. On the way from the home place to the other ranch, the tractor, which was traveling partly on the boulevard and partly on the side, tipped over. No damage resulted except some loss of time.

Mr. and Mrs. W. J. Edwards, Mr. and Mrs. Eugene Edwards and Mrs. Albert Kettler were entertained Friday at the home of Mr. and Mrs. John Edwards in Santa Ana.

Mrs. M. J. Larter went last Friday for a week's visit with her niece, Mrs. W. T. House, in Santa Ana.

Mrs. J. L. Kerfoot went Thursday for a few days' visit with her daughter in Long Beach.

Mr. and Mrs. J. H. Walton and daughter, Mrs. Ruth Penhall, in company with Mrs. Walton's brother, John H. Pope, and housekeeper, Miss Smith of Talbot, spent one day last week in Long Beach at the home of Mrs. Walton's parents, Mr. and Mrs. Henry Pope.

Mr. and Mrs. Samuel Dickey, Mrs. M. J. Larter, Misses Mamie Junkin and Bertha Dickey were dinner guests Thursday at the home of Mr. and Mrs. E. C. Phelps.

On account of the closing of Occidental College, Misses Glenna Wright and Marjorie Byram are spending the week at home. A large number of the students were victims of the influenza.

Mrs. H. Penhall, Mrs. Edna Day and baby, Mrs. Ruth Penhall, Mrs. Asa Snow and baby, Mrs. Cecil Edwards and children and Mrs. Sylvia Kettler were afternoon guests of Mrs. W. J. Edwards on Wednesday.

Mr. and Mrs. Francis Penhall spent Sunday in Los Angeles with her aunt, Mrs. Maud Winton.

Mrs. Geo. Abbot of Huntington Park spent Saturday and Sunday at her home here.

Mr. and Mrs. Albert Kettler and Mrs. Anna Campbell were entertained at the home of Mr. and Mrs. Orel Hare Tuesday evening.

W. S. S.  
CLASSIFICATION TO BE DONE IN 100 DAYS

SACRAMENTO, Oct. 16.—The classification of the 14,000,000 or more registrants of the third draft—the men in the 18 to 45 class—is to be completed within 100 days, according to plans of Provost Marshal General Crowder, now being worked out by the adjutant general's office.

The enormity of the task can be comprehended when it is remembered that 15 months was required for the work with the 1917 draft. Since then the boards have been organized and the machinery assembled and put in smooth running order. California boards, according to reports at the office of Governor William D. Stephens, will complete the classification within the allotted time, and the governor has so advised General Crowder.

W. S. S.  
WANT HONEST ADVERTISING  
LOS ANGELES, Oct. 16.—The passage of an ordinance which will make it a penal offense for any person to advertise the sale of merchandise which is second hand or used, without so stating, was requested of the city council by the Better Business Bureau of the Advertising Club of Los Angeles.

The organization desires to have all second-hand, used, defective or "second" articles advertised as such.

W. S. S.  
SKIRTED MESSENGER BOY  
SACRAMENTO, Oct. 16.—To the State Corporations Department goes the distinction of having the first "messenger boy" in skirts. Irene Frawley is running errands and performing the other duties of the lad who formerly held the place, but who has resigned to return to school.

It was found impossible to get another boy.

## Wolf Strain Believed Responsible For Sudden Rampage At Prinslow Ranch

HARPER, Oct. 17.—A queer trick was performed by a favorite Scotch collie dog owned by Charles Prinslow one day recently while the family was absent at the beach. The dog dug the dirt away from the poultry-yard fence so as to admit its body under the bottom wire. Then the queer trick started and ended by the dog killing sixty White Leghorn hens from a lot of 380 fine layers. Lester Johnston of Newport mesa was driving by and noticed something was going wrong in the chicken yard. He drove to Mr. Boyd's place close by and reported to him. Boyd said as the Prinslow family was away from home they had better investigate, and on going there they found the dog at his cruel work.

The dog's method was to jump on a hen with its fore-feet and crush it to the ground and then leave it and jump on another one. They succeeded in catching the dog and chaining it up.

Upon examination the hens killed were found to have broken backs but were not bitten by the dog so as to leave teeth marks.

Prinslow killed the dog and buried it with the hens all in one grave. The dog had never shown any savage trait toward chickens and it is a matter of considerable wonder why such a mania took possession of him. One theory advanced is that a strain of wolf blood was inherited by the animal which came to a sudden focus on account of being left alone on the place. This reasoning is supported by the fact that a wolf kills its feathered prey in the same way.

It also renews the legend of the dog's origin from the wolf family. The first she wolf weaned her pups by taking her litter of five to the brook to drink. The wolf drinks water like a horse and the dog laps it with its tongue. Those of the pups that lapped water from the brook were killed by the mother wolf as being untrue to the wolf instinct. Later wolf mothers became careless and let those that lapped water from the brook live and so the dog got its start in the world.

W. S. S.

OFFICIAL STATEMENT OF THE PROCEEDINGS OF THE BOARD OF SUPERVISORS OF ORANGE COUNTY, CALIFORNIA.

Santa Ana, Cal., Oct. 15, 1918. The Board met pursuant to adjournment. All members and the Clerk present.

Demands on the County of Orange on the Hospital Fund and the County General Fund for the Detention Home were allowed as read.

The County Auditor was directed to cancel warrant No. 83/8 allowed Oct. 1, 1918, for \$7 in favor of the Abstract & Title Guaranty Company, said warrant being a duplicate.

Tax sale No. 733, Vol. 13, page 100, of the year 1916 was ordered cancelled, same being an erroneous sale.

It was ordered that \$24,000 from the Third Road District Fund and \$75,000 from the County General Fund be invested in Fourth U. S. Liberty Loan Bonds.

The County Auditor was ordered to draw warrants for payment of registration clerks.

The Chairman was authorized to approve the bidder's bond presented by J. G. Donovan and the Clerk was instructed to return the certified check of said J. G. Donovan.

Hearing in the matter of the apportionment among the incorporated cities of Orange County of moneys received on account of fines and forfeitures for violations of Motor Vehicle Act was set for Nov. 5, 1918, at 10 a. m.

The Chairman was authorized to sign the applications for permission to complete the contracts for the Brea-Olinda and Santa Ana Canyon Roads.

The bid of Orange County Engineering & Construction Company for construction of Edinger Street Road was rejected, and the Clerk instructed to return the certified check to said bidder.

John T. Combs, Constable of San Juan Township, was given a leave of absence from the State for twenty days from Oct. 15, 1918.

A fumigating license was ordered issued to George Baier on recommendation of the Horticultural Commissioner.

Supervisor Leek was given permission to spend in excess of \$500 but not more than \$1000 for grading and filling the Boat Canyon Road.

The Board adjourned to November 6, 1918, at 10 a. m.

N. T. EDWARDS,  
Clerk of the Board of Supervisors.

NOTICE OF SALE OF PERSONAL PROPERTY AT PUBLIC AUCTION TO SATISFY LIEN FOR STORAGE.

Notice is hereby given that I, J. E. Pearce, owner and sole proprietor of the Santa Ana Vulcanizing, Ignition and Supply Company, doing business at 517 North Main Street, Santa Ana, California, will at 10 o'clock a. m. on Saturday, the 26th day of October, 1918, sell at public auction, at the above described place of business at 517 North Main Street, Santa Ana, California, to satisfy a lien for storage thereon in the sum set opposite the particular items of personal property hereinafter described, all of which is more than 20 days past due, the following described personal property, to-wit:

One Premier automobile, operated in 1916 under State License No. 176,930, the property of Escalante Brothers, address unknown; the charge for storage thereon being for storage from April 1st, 1917, to October 1st, 1918, a total sum of \$77.50.

## No Indigestion! Stomach Feels Fine! No Acidity, Gas, Souring, Dyspepsia

Belching gas, food souring in stomach, lumps of pain from indigestion and all distress from an upset stomach stops instantly. Yes! At once!

No more stomach-headache. Never any indigestion pain.

Pape's Diapepsin not only relieves bad stomachs but it strengthens weak stomachs. Splendid! Costs little—Any drug store.

UPSET? Pape's Diapepsin WILL PUT YOU ON YOUR FEET

## Pure Milk—

The Best Food There Is  
Read What Dr. E. V. McCollum of John Hopkins University Says:

"There are just two protective foods—only two which make up the properties lacking in such foods as tubers, roots and lean meat. Those protective foods are, FIRST OF ALL, MILK, AND THIS IS THE BEST ONE THERE IS. The second best is the leaf of the plant.

"Who are the people who have achieved? Who have become large, strong, vigorous people?

"Who have reduced their infant mortality lower than the people who have used a diet of leaves, fruits, roots, meats, and eggs?

"Who are the most progressive in every activity of the human intellect?

"They Are the People Who Have Patronized the Dairy Industry"

EXCELSIOR MILK has just won the gold medal for the second time at the California State Fair, Sacramento—for superiority in purity, flavor, cleanliness and butter fat. This means that when you buy EXCELSIOR MILK you get the best milk in the State of California.

For SAFETY use Excelsior Milk—and use MORE of it for your children's health.
